

LOVE'S ALCHEMY

Poems from the
Sufi Tradition

Translated from the Persian by
DAVID AND SABRINEH FIDELER

Alchemy Of The Body And Other Poems

David Gordon White

Alchemy Of The Body And Other Poems:

Alchemy of the Body And Other Poems Juan Garcia,1983 *The Alchemical Body* David Gordon White,2012-07-10 A brilliant disquisition on mostly unpublished texts for three allied systems of tantric thought and praxis sexual alchemical and hatha yogic *The Journal of Asian Studies* *The Alchemical Body* excavates and centers within its Indian context the lost tradition of the medieval Siddhas Working from previously unexplored alchemical sources David Gordon White demonstrates for the first time that the medieval disciplines of Hindu alchemy and hatha yoga were practiced by one and the same people and that they can be understood only when viewed together White opens the way to a new and more comprehensive understanding of medieval Indian mysticism within the broader context of south Asian Hinduism Buddhism Jainism and Islam White proves a skillful guide in disentangling historical and theoretical complexities that have thus far bedeviled the study of these influential aspects of medieval Indian culture *Yoga World* Anyone seriously interested in finding out more about authentic tantra original hatha yoga embodied liberation sacred sexuality paranormal abilities healing and of course alchemy will find White s extraordinary book as fascinating as any Tom Clancy thriller Georg Feuerstein *Yoga Journal* Remarkable a study of the language of mystic experience and expression the multitudinous symbols rituals and doctrines of the medieval siddhis yogis and alchemists *Skeptic Meditations*

John Donne, Body and Soul Ramie Targoff,2008-11-15 For centuries readers have struggled to fuse the seemingly scattered pieces of Donne s works into a complete image of the poet and priest In *John Donne Body and Soul* Ramie Targoff offers a way to read Donne as a writer who returned again and again to a single great subject one that connected to his deepest intellectual and emotional concerns Reappraising Donne s oeuvre in pursuit of the struggles and commitments that connect his most disparate works Targoff convincingly shows that Donne believed throughout his life in the mutual necessity of body and soul In chapters that range from his earliest letters to his final sermon Targoff reveals that Donne s obsessive imagining of both the natural union and the inevitable division between body and soul is the most continuous and abiding subject of his writing Ramie Targoff achieves the rare feat of taking early modern theology seriously and of explaining why it matters Her book transforms how we think about Donne Helen Cooper University of Cambridge

University of Toronto Quarterly University of Toronto,1983 **Quarry** ,1983 **Verse and Transmutation** Anke Timmermann,2013-09-25 *Verse and Transmutation* A Corpus of Middle English Alchemical Poetry identifies and investigates a corpus of twenty one anonymous Middle English recipes for the philosophers stone through critical editions and studies on their histories in early modern manuscripts literature and libraries **Canadiana** ,1984

The Virgin Mary as Alchemical and Lullian Reference in Donne Roberta Albrecht,2005 This study will also appeal to New Historicists and those interested in alchemy emblems or theology Jacket **Alchemical Poetry, 1575-1700** Robert M. Schuler,2013-02-11 Of interest to interdisciplinary historians as well as those in various other fields this book presents the first publication of 14 poems ranging from 12 to 3 000 lines The poems are printed in the chronological order of their

composition from Elizabethan to Augustan times but nine of them are verse translations of works from earlier periods in the development of alchemy Each has a textual and historical introduction and explanatory note by the Editor Renaissance alchemy is acknowledged as an important element in the histories of early modern science and medicine This book emphasises these poems expression of and shaping influence on religious social and political values and institutions of their time too and is a useful reference work with much to offer for cultural studies and literary studies as well as science and history **Disknowledge** Katherine Eggert,2015-10-29 Katherine Eggert explores the crumbling state of humanistic learning in the sixteenth and seventeenth centuries and the benefits of relying on alchemy despite its recognized flaws

The Poetry of Ana Maria Fagundo Ana María Fagundo,2005 This anthology includes translations of a number of original poems from each of the ten collections of poetry published to date by Spanish poet Ana Maria Fagundo Its goal is to provide a representative sample of Fagundo s work for an English audience With the basic tenet of phenomenology as scaffold the introduction of this anthology elucidates Fagundo s poetic writing as a process whereby the abstract is transformed into a concrete experience through the speaker s own self and body From Brotes Buds in 1965 until Trasterrado Marzo March Beyond in 1999 Fagundo s poetry is an ongoing dialogue with the poetic word Fagundo s poetic speaker looks into essences but only in order to reintegrate them into existence There is no Truth or Beauty or Good out there for which this poet strives but a truth that each poet articulates in his or her own way Hers is an aesthetic enterprise which implies the ethical obligation to affirm life Candelas Gala is Professor and Chair of the Department of Romance Languages at Wake Forest University **Alchemy and Exemplary Poetry in Middle English Literature** Curtis Runstedler,2023-03-27 This

book explores the different functions and metaphorical concepts of alchemy in fourteenth and fifteenth century Middle English poetry and bridges them together with the exempla tradition in late medieval English literature Such poetic narratives function as exemplary models which directly address the ambiguity of medieval English alchemical practice This book examines the foundation of this relationship between alchemical narrative and exemplum in the poetry of Gower and Chaucer in the fourteenth century before exploring its diffusion in lesser known anonymous poems and recipes in the fifteenth century namely alchemical dialogues between Morienus and Merlin Albertus Magnus and the Queen of Elves and an alchemical version of John Lydgate s poem The Churl and the Bird It investigates how this exemplarity can be read as inherent to understanding poetic narratives containing alchemy as well as enabling the reader to reassess the understanding and expectations of science and narrative within medieval English poetry **Modernist Alchemy** Timothy

Materer,2018-09-05 Modernist Alchemy takes a close look at the work of twentieth century poets whose use of the occult constitutes a recovery of discarded beliefs and modes of thought Yeats and Plath try to dismiss conventional religion Hughes captures a sense of adventure H D seeks to liberate repressed concepts while Duncan and Merrill hunt for a lost understanding of sexual identity which will allow for androgyny and homosexuality **Literatures of Alchemy in**

Medieval and Early Modern England Eoin Bentick, 2022 Explores the myriad ways in which alchemy was conceptualised by adepts and sceptics alike from those with recourse to a fully functioning laboratory to those who did not know their pelican from their athanor The language of alchemy the art of transmuting metals and manufacturing pharmaceutical medicine is defined by obscure imagery authorial play and dense knottiness tempting curious readers to unpick its impenetrable promises From the fourteenth to the seventeenth century alchemical literature was read interpreted and reimagined both by those with recourse to a fully functioning laboratory and those who did not know their pelican from their athanor Recent studies by historians of science have succeeded in decoding the difficult language of these texts revealing the replicable chemical procedures behind their metaphors However as a literary investigation of alchemy this book explores more fluid understandings of the art in the period Through an analysis of medieval and early modern texts and manuscript cultures the volume explores the myriad ways in which alchemy was conceptualised in this period by adept and sceptic alike From Geoffrey Chaucer's mockery of the impotence of alchemical pryvete in *The Canterbury Tales* and John Gower's macrocosmic hope for societal amelioration in the *Confessio Amantis* to Elias Ashmole's angelic alchemy in the *Theatrum chemicum britannicum* it explores the natural philosophy that underpinned such diverse representations of this sliding science proffering a theory of alchemical hermeneutics as a conspiratorial way of reading that sees alchemy in all

Scientific Discourse in John Donne's Eschatological Poetry Ludmila Makuchowska, 2014-10-16 *Scientific Discourse in John Donne's Eschatological Poetry* offers a compelling critique of John Donne's religious and erotic poetry focusing on the intersection of two seemingly antithetical discourses the language of the scientific revolution and of Christian eschatology Throughout its three chapters which correspond to three scientific disciplines cartography physics and alchemy the volume examines the ways in which the references to early modern and medieval science in Donne's poetry contribute to conceptualizing the Christian mystery of death

Shakespeare, Alchemy and the Creative Imagination Margaret Healy, 2011-04-28 Healy demonstrates how Renaissance alchemy shaped Shakespeare's bawdy but spiritual sonnets transforming our understanding of Shakespeare's art and beliefs

Alchemy E. J. Holmyard, 2012-04-26 Alchemy is thought to have originated over 2000 years ago in Hellenic Egypt the result of three converging streams Greek philosophy Egyptian technology and the mysticism of Middle Eastern religions Its heyday was from about 800 A D to the middle of the seventeenth century and its practitioners ranged from kings popes and emperors to minor clergy parish clerks smiths dyers and tinkers Even such accomplished men as Roger Bacon Thomas Aquinas Sir Thomas Browne and Isaac Newton took an interest in alchemical matters In its search for the Philosopher's Stone that would transmute base metals into silver and gold alchemy took on many philosophical religious and mystical overtones These and many other facets of alchemy are explored with enormous insight and erudition in this classic work E J Holmyard a noted scholar in the field begins with the alchemists of ancient Greece and China and goes on to discuss alchemical apparatus Islamic and early Western alchemy signs symbols

and secret terms Paracelsus English Scottish and French alchemists Helvetius Price and Semler and much more Ranging over two millennia of alchemical history Mr Holmyard shows how like astrology and witchcraft alchemy was an integral part of the pre scientific moral order arousing the cupidity of princes the blind fear of mobs and the intellectual curiosity of learned men Eventually however with the advent and ascension of the scientific method the hopes and ideas of the alchemists faded to the status of pseudo science That transformation as well as alchemy s undeniable role as a precursor of modern chemistry are brilliantly illuminated in this book Students of alchemy chemistry the history of science and the occult plus anyone interested in the origin and evolution of one of mankind s most enduring and influential myths will want to have a copy of this masterly study

The Spenser Encyclopedia A.C. Hamilton,2020-07-01 This masterly work ought to be The Elizabethan Encyclopedia and no less Cahiers Elizabethains Edmund Spenser remains one of Britain s most famous poets With nearly 700 entries this Encyclopedia provides a comprehensive one stop reference tool for appreciating Spenser s poetry in the context of his age and our own understanding the language themes and characters of the poems easy to find entries arranged by subject

A Companion to Renaissance Poetry Catherine Bates,2018-02-20 The most comprehensive collection of essays on Renaissance poetry on the market Covering the period 1520 1680 A Companion to Renaissance Poetry offers 46 essays which present an in depth account of the context production and interpretation of early modern British poetry It provides students with a deep appreciation for and sensitivity toward the ways in which poets of the period understood and fashioned a distinctly vernacular voice while engaging them with some of the debates and departures that are currently animating the discipline A Companion to Renaissance Poetry analyzes the historical cultural political and religious background of the time addressing issues such as education translation the Reformation theorizations of poetry and more The book immerses readers in non dramatic poetry from Wyatt to Milton focusing on the key poetic genres epic lyric complaint elegy epistle pastoral satire and religious poetry It also offers an inclusive account of the poetic production of the period by canonical and less canonical writers female and male Finally it offers examples of current developments in the interpretation of Renaissance poetry including economic ecological scientific materialist and formalist approaches Covers a wide selection of authors and texts Features contributions from notable authors scholars and critics across the globe Offers a substantial section on recent and developing approaches to reading Renaissance poetry A Companion to Renaissance Poetry is an ideal resource for all students and scholars of the literature and culture of the Renaissance period

The Ecocritical Psyche Susan Rowland,2013-03-01 The Ecocritical Psyche unites literary studies ecocriticism Jungian ideas mythology and complexity evolution theory for the first time developing the aesthetic aspect of psychology and science as deeply as it explores evolution in Shakespeare and Jane Austen In this book Susan Rowland scrutinizes literature to understand how we came to treat nature as separate from ourselves and encourages us to re think what we call human By digging into symbolic mythological and evolutionary fertility in texts such as The Secret Garden The Tempest Wuthering Heights and The Lion the

Witch and the Wardrobe the book argues that literature is where the imagination estranged from nature in modernity is rooted in the non human other The Ecocritical Psyche is unique in its interdisciplinary expansion of literature psyche science and myth It develops Jungian aesthetics to show how Jung s symbols correlate with natural signifying providing analytical psychology with a natural home in ecocritical literary theory The book is therefore essential reading for seasoned analysts and those in training as well as academics involved in literary studies and Jungian psychology
