E. Warlick,2013-05-01 Surrealist artist Max Ernst defined collage as the alchemy of the visual image Students of his work have often dismissed this comment as simply a metaphor for the transformative power of using found images in a new context Taking a wholly different perspective on Ernst and alchemy however M E Warlick persuasively demonstrates that the artist had a profound and abiding interest in alchemical philosophy and often used alchemical symbolism in works created throughout his career A revival of interest in alchemy swept the artistic psychoanalytic historical and scientific circles of the late nineteenth and early twentieth centuries and Warlick sets Ernst s work squarely within this movement Looking at both his art many of the works she discusses are reproduced in the book and his writings she reveals how thoroughly alchemical philosophy and symbolism pervade his early Dadaist experiments his foundational work in surrealism and his many collages and paintings of women and landscapes whose images exemplify the alchemical fusing of opposites This pioneering research adds an essential key to understanding the multilayered complexity of Ernst s works as it affirms his standing as one of Germany s most significant artists of the twentieth century **Alchemy in Contemporary Art** Urszula Szulakowska,2017-07-05 *Alchemy in Contemporary Art* analyzes the manner in which twentieth century artists beginning with French Surrealists of the 1920s have appropriated concepts and imagery from the western alchemical tradition This study examines artistic production from c 1920 to the present with an emphasis on the 1970s to 2000 discussing familiar names such as Andre Breton Salvador Dali Yves Klein Joseph Beuys and Anselm Kiefer as well as many little known artists of the later twentieth century It provides a critical overview of the alchemical tradition in twentieth century art and of the use of occultist imagery as a code for political discourse and polemical engagement The study is the first to examine the influence of alchemy and the Surrealist tradition on Australian as well as on Eastern European and Mexican art In addition the text considers the manner in which women artists such as Leonora Carrington Remedios Varo and Rebecca Horn have critically revised the traditional sexist imagery of alchemy and occultism for their own feminist purposes **The Experimental Fire** Jennifer M.
