Alcohol and the Human Race Richmond Pearson Hobson,1919 **Alcohol and the Human Race** Richmond Pearson Hobson,1919 *Alcohol and the Human Race (Classic Reprint)* Richmond Pearson Hobson,2015-08-05 Excerpt from *Alcohol and the Human Race* In 1908 the Legislature of Alabama after enacting a Prohibition statute submitted a Prohibition Amendment to the State constitution as a referendum to be voted on by the people early the following year I was then a member of Congress from that State My political advisers in whose wisdom I had confidence urged me to come out against the Amendment as most of the men in public life in the State were doing and I had about decided to follow their advice for though taught in childhood to be abstemious eighteen years of life in the United States Navy and the superficial observation of an average man of the world had led me to look upon the liquor question as a mere matter of police regulation which would be out of place in the organic law The thought that my mother if alive would have been for the Amendment led me to decide before announcing myself to make an investigation as to whether any issue of a deep abiding nature fit for incorporation in the organic law of a state were involved About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Alcohol and the Human Race** Richmond Pearson 1870-1937 Hobson,2016-05-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Japan Daily Mail** ,1897 **Global Anti-Vice Activism, 1890-1950** Jessica R. Education Barbara Howe, 2023-12-01 Alcohol education in the 1980s was receiving greater emphasis in the training and practice of a wide range of health and welfare professionals. As we became more aware of the risks associated with excessive drinking, this practical straightforward guide originally published in 1989 would have been essential reading for health and welfare workers who were keen to develop the alcohol education aspect of their work and enable their clients and patients to use alcohol in a harm-free way. Barbara Howe looks at alcohol education in context, clarifying its role and place in the day-to-day work of health and welfare professionals at the time. She also discusses common myths and misunderstandings about alcohol among professionals and their clients. She describes various approaches to alcohol education and includes a series of practical exercises for use with individuals and families aimed at increasing professionals' confidence and competence in broaching the subject of alcohol. Although working practices may have changed since first publication, much of this title will still be useful today. Shall We License Or Shall We Suppress the Liquor Shops of Massachusetts Robert C. Pitman, 1868

The American Experience with Alcohol G.M. Ames, L.A. Bennett, 2013-11-11 This volume is an important contribution to our understanding of culture and alcohol in the United States. Its appearance is also a milestone in the history of alcohol studies in American anthropology. Over the last six years, the volume's editors, initially along with Miriam Rodin, have served as the co-organizers of the Alcohol and Drug Study Group of the American Anthropological Association (AAA). In this capacity, they have organized sessions at the AAA and other meetings, greatly strengthened the research network with a regular and informative newsletter, and painstakingly promoted the publication of anthropological work on alcohol and drugs. Appearing just as the responsibility for the Study Group is passed on to others, this book is a fitting emblem of the care and energy with which its editors have built an institutional nexus for alcohol and drug anthropology in North America. The contents of this volume offer a uniquely wide sampling of the diversity of cultural patterns that make up the American experience with alcohol. The collective portrait the editors have assembled extends in several dimensions through time and history across such social differentiations as gender, age, grade, and social class, and through such major social institutions as the church and the family. Clearly, the dominant dimension of variation in the material that follows, however, is ethnicity. The book offers us a sampler of unprecedented richness of the different experiences with alcohol of American ethno-religious groups. New York Medical Journal, 1898 *The Alcoholic Empire* Patricia Herlihy, 2002 Herlihy examines the prevalence of alcohol in Russian social, economic, religious, and political life. She looks at how the state church, military doctors, the czar, tried to battle the problem of over-consumption of alcohol in the imperial period. Congressional Record United States. Congress, 1992

Drugs in America David F. Musto, 2002-07-28 Beer was brought to America on the Mayflower; hemp was once a major approved cash crop; and cocaine, heroin, and opium had several waves of popularity in the 19th and 20th centuries. Drugs and alcohol have been with America from the start. *Fetal Alcohol Syndrome and Fetal Alcohol Effects* E.L. Abel, 2012-12-06 I

have written this book because I felt there was a need to bring together in one place the vast amount of research that has been published in the past 10 years concerning alcohol's effects on the conceptus. My hope is that this book will be of value to the many clinicians, basic research scientists, social workers, and others who are interested in this important issue. The number of such publications continues to grow each year and it was a very difficult task to review even a proportion of them completely. While I have cited many of these research studies, only those that in my very subjective opinion warranted extended coverage were discussed. In this regard, much of my task was facilitated by the many excellent reviews that have already been written. To those whose important contributions have not been discussed or cited, I offer my sincere apologies. Omission of these publications in most cases reflects my own personal interests or awareness rather than merit.
