Aleck Maury Sportsman A Novel:

Aleck Maury, Sportsman Caroline Gordon, 1934 *Aleck Maury, Sportsman* Caroline Gordon, 1980 It is in a sense a prose Aeneid written with so much economy and constraint that the reader is only aware at the end that he has been following the wanderings of a hero Thus did Andrew Nelson Lytle in a 1934 New Republic review capture the essence of Caroline Gordon's novel inspired by the life of her father a supreme hunter and fisherman Caroline Gordon wanted to call her novel *The Life and Passion of Aleck Maury* an apt title for the story of a man passionately drawn to the rites rituals and excitement of hunting and fishing Gordon describes these rituals with a precision that even Hemingway would admire The result as Lytle points out is that she makes hunting and angling appear so exciting that a reader who has never had a gun or rod in his hand will not lay down the book until he has reached the end Aleck Maury earned his living as a professor of classics but found books and classes pale in comparison with blood sport Only in the world of sport is Maury truly alive for only there are the rules exact in the world of sport Maury is an artist a creator in control He prepares until he is ready then tries his hand at the game The rituals of blood sport lend structure to his life From these rituals come elation a formal delight For Maury life without joy without transfiguring excitement is not worth living Throughout his life he has been a questing Aeneas Delight has given direction to his search and in the end he understands I knew now what it was I had always feared that this elation this delight by which I lived might go from me **Sportsman's Library** Stephen Bodio, 2013-04-02 A Sportsman's Library The 100 Books that Every Hunter and Fisherman Should Own will consist of 100 short reviews for lack of a better word each one from 300 to 1500 words and illustrated with either the cover of the book or a photo of the book's author The list will include all the beloved classics but will add plenty of lesser known titles as well It will range in time from Izaak Walton's 17th century to 21st century tiger poachers in eastern Siberia and geographically from the Catskills to the Keys from England's chalk streams to Jim Corbett's India It will take pleasure in those books that explain the intricate beauty of the classic salmon fly as well the astonishing craftsmanship of a Best London double the science of the hunt as well as the hunt's depiction in art **The Cambridge Guide to Women's Writing in English** Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty five years This is an opportunity for stock taking a timely project when so much writing has been rediscovered reclaimed and republished There are entries on writers on individual texts and on general terms genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English the visionary writings of Julian of Norwich and Margery Kempe are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy the history of colonisation and the development of post colonial cultures using and changing the English language The entries are written by contributors from all the countries covered The result is a work of reference with a unique feeling for the vitality wealth and diversity of women's writing Tennessee: A Guide to the State , 1945 *The History of*
