Shakira: The Melody of the Heart Fabricio Sales Silva, When the first notes of a song resonate there is a quiet promise of a story unfolding a melody that intertwines with the heartbeat and transcends the barriers of the ordinary Discover the gripping story of Shakira a voice that resonates far beyond the stage touching the hearts and souls of millions Born in Barranquilla Shakira entered the world not only to live but to transform From the beginning it was evident that she carried within her a different light a flame that burned with the passion of a thousand suns Her childhood was not only marked by typical games but by an innate rhythm and a voice that promised to touch souls There s something magical about the way Shakira connects with her audience Whether it s through her deeply personal lyrics or the contagious energy of her performances she creates an unbreakable bond with those who listen to her His music is not just a set of melodies and words It is a dialogue with the world a warm embrace that crosses continents and cultures Shakira The Melody of the Heart is more than a reading It is an experience that resonates deeply an invitation to dance to the rhythm of a truly inspiring story This work is a tribute to the woman behind the music a hymn to the strength of the human spirit and proof that dreams when pursued with passion do come true From Bananas to Buttocks Myra Mendible,2010-06-03 From the exuberant excesses of Carmen Miranda in the tutti frutti hat to the curvaceous posterior of Jennifer Lopez the Latina body has long been a signifier of Latina o identity in U S popular culture But how does this stereotype of the exotic erotic Latina bombshell relate if at all to real Latina women who represent a wide spectrum of ethnicities national origins cultures and physical appearances How are ideas about Latinidad imagined challenged and inscribed on Latina bodies What racial class and other markers of identity do representations of the Latina body signal or reject In this broadly interdisciplinary book experts from the fields of Latina o studies media studies communication comparative literature women s studies and sociology come together to offer the first wide ranging look at the construction and representation of Latina identity in U S popular culture The authors consider such popular figures as actresses Lupe V lez Salma Hayek and Jennifer Lopez singers Shakira and Celia Cruz and even the Hispanic Barbie doll in her many guises They investigate the media discourses surrounding controversial Latinas such as Lorena Bobbitt and Marisleysis Gonz lez And they discuss Latina representations in Lupe Solano s series of mystery books and in the popular TV shows El Show de Cristina and Laura en Am rica This extensive treatment of Latina representation in popular culture not only sheds new light on how meaning is produced through images of the Latina body but also on how these representations of Latinas are received revised and challenged **Musical ImagiNation** Maria Elena Cepeda,2010 Long associated with the pejorative cliches of the drug trafficking trade and political violence contemporary Colombia has been unfairly stigmatized This study of the Miami music industry and Miami s growing Colombian community asserts that popular music provides an alternative common space for imagining and enacting Colombian identity
