Karen Tei Yamashita A. Robert Lee, 2018-04-30 Karen Tei Yamashita's novels, essays, and performance scripts have garnered considerable praise from scholars and reviewers and are taught not only in the United States but in at least half a dozen countries in Asia, South America, and Europe. Her work has been written about in numerous disciplines in the humanities and social sciences. Karen Tei Yamashita's *Fictions of Magic and Memory* is the first anthology given over to Yamashita's writing. It contains newly commissioned essays by established international scholars, a recent interview with the author, a semiautobiographical keynote address delivered at an international conference that ruminates on her Japanese American heritage, and a full bibliography. The essays offer fresh and in-depth readings of the magic realist canvas of *Through the Arc of the Rain Forest* (1990), the Japanese emigrant portraiture of *Brazil Maru* (1992), Los Angeles as a rambunctious geopolitical and transnational fulcrum of the Americas in *Tropic of Orange* (1997), the fraught relationship of Japanese and Brazilian heritage and labor in *Circle K Cycles* (2001), Asian American history and politics of the 1960s in *I Hotel* (2010), and *Anime Wong* (2014), a gallery of performativity illustrating the contested and inextricable nature of East and West. This essay collection explores Yamashita's use of the fantastical, the play of emerging transnational ethnicity, and the narrative tactics of reflexivity and bricolage in storytelling located on a continuum of the unique and the communal of the past and the present and that are mapped in various spatial and virtual realities.

Approaches to Teaching the Works of Jorge Luis Borges José Eduardo González, 2025-01-02 Often considered a writer who transcends national borders, Jorge Luis Borges also aimed to reinvent the history and traditions of his own country, Argentina. His unconventional works appeal to students who nonetheless can find his richly intertextual prose challenging. Addressing courses in Spanish and in English, this volume offers innovative approaches that help students navigate the texts, engage with them emotionally and creatively, and understand the time and place of their production while connecting them to the present. Part 1, Materials, provides detailed biographical information about Borges as well as print and digital resources. The essays in part 2, Approaches, offer strategies for discussing his writing process, his manuscripts, and the material history and translation of his texts. Contributors also examine Borges's influences, which include film, mythology, history, and ideas of Islam and Judaism; the author's interest in humor and games; and resonances with other literary works.

AB Bookman's Weekly, 1996 [The Epic Journey in Greek and Roman Literature](#) Thomas Biggs, Jessica Blum, 2019-05-23 From Homer to the moon, this volume explores the epic journey across space and time in the ancient world. *American Book Publishing Record*, 2003 **Book Prices: Used and Rare, 1994** Edward N. Zempel, 1994 **Borges and Kafka** Sarah Rachel Roger, 2017 Sarah Roger investigates Jorge Luis Borges's development as an author in light of Franz Kafka's influence and in consideration of Borges's relationship with his father, a failed author. She explores how reading Kafka helped Borges mediate and make productive use of his own relationship with his father.
