

A vintage-style travel poster. The top half features a light blue sky with a soft, glowing sun or moon in the center. The sky is framed by lush tropical foliage, including large green palm fronds and vibrant pink flowers with yellow centers. The text "Bon Voyage" is written in a large, stylized, pinkish-red font with a slight shadow. Below it, the words "• VINTAGE STYLE •" are written in a smaller, dark red font, flanked by horizontal lines. The bottom half of the poster shows a bright blue ocean with white-capped waves. A small white sailboat is visible on the horizon. The foreground is a sandy beach with gentle waves washing onto it. The entire poster is set against a light yellow background.

Bon Voyage ,1986 **Bon Voyage** J. G. Links,Deborah Shinn,Paul Fussell,Ralph Caplan,1986 *Vile Days* Gary Indiana,2018-11-13 Gary Indiana s collected columns of art criticism from the Village Voice documenting from the front lines the 1980s New York art scene In 1985 the Village Voice offered me a job as senior art critic This made my life easier and lousy at the same time I now had to actually enter all those galleries instead of peeking in the windows At times the only tangible perk was having the chump for a fifth of vodka whenever twenty more phonies had flattered my ass off in the course of a working week from Vile Days From March 1985 through June 1988 in The Village Voice Gary Indiana reimagined the weekly art column Thirty years later Vile Days brings together for the first time all of those vivid dispatches too long stuck in archival limbo so that the fire of Indiana s observations can burn again In the midst of Reaganism the grim toll of AIDS and the frequent jingoism of postmodern theory Indiana found a way to be the moment s Baudelaire He turned the art review into a chronicle of life under siege As a critic Indiana combines his novelistic and theatrical gifts with a startling political acumen to assess art and the unruly environments that give it context No one was better positioned to elucidate the work of key artists at crucial junctures of their early careers from Sherrie Levine and Richard Prince to Jeff Koons and Cindy Sherman among others But Indiana also remained alert to the aesthetic consequence of sumo wrestling flower shows public art corporate galleries and furniture design Edited and prefaced by Bruce Hainley Vile Days provides an opportunity to track Indiana s emergence as one of the most prescient writers of his generation **Department of the Interior and related agencies appropriations for 1988** United States. Perspectives on Garden Histories Michel Conan,1999 Garden history is a discipline of contested purposes Perspectives on Garden Histories contributes to a self critical examination of this emergent field of study at the same time offering an overview of its main achievements in several domains such as Italian and Mughal gardens and of the new kinds of investigation to which they have led In its early years garden history centered on architectural studies of garden design but in the 1960s the emphasis shifted from garden design to garden meaning The new paradigm considered gardens as complex works of art and demanded an extensive documentation of the historical context as well as of the figurative and discursive sources This approach in its turn was challenged by neo Marxist scholars who proceeded to view landscape appreciation as an ideological superstructure an outgrowth of agricultural production processes Garden designs and their histories can also be viewed as expressions of ideological conflicts in society Neither gardens nor their history can thus be studied independently of the social cultural and political movements that give prominence to the contested ideologies Gardens can be used to foster some ideologies or reflect a reaction against a social change Comparative research offers another fascinating approach exploring the relations between European landscape concepts and other cultural contexts and discussing issues of cultural dominance and interpretation The emergence of various perspectives has led to the incorporation of further questions into the domain of garden studies which has been moving in new directions and using new methods in search of an

adapted theoretical framework This volume offers a striking view of changes taking place in the discipline *New York Magazine*, 1986-06-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea 30-03-2022, 000000 000000 00000000 **Portable Modernisms** Emily Ridge, 2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism's exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character
