Barlow, Ray Reynolds, 1995 *The Bonanza Trail* Muriel Sibell Wolle, 2018-03-12 This classic account of Old West mining camps and gold hunting prospectors is a successful digging of a rich historical vein phenomenal The New York Times This colorful blend of history reference and travelogue brings to life the frenzied search for precious metals in nineteenth century America through a tour of mining camps and former boomtowns many now abandoned It reveals the unbelievable privations men endured in the high Sierra and the Rockies and in crossing the desert wastes of Arizona Utah and Nevada the mines first discovered in New Mexico by Coronado and his men four centuries ago and the first great rush that hit California in 1849 She follows the miners who poured in successive waves into the golden gulches of Oregon Washington and Idaho climbed to the deeper mines high in the mountains of Montana Wyoming and Colorado and dared at last to penetrate the hostile Black Hills of South Dakota In personally following the trails of the pioneering prospectors Wolle stumbles upon mute evidence of past bloodshed lust and struggle and recreates the excitement of the period A gifted artist she also includes maps and more than a hundred poignant sketches conveying the loneliness melancholy and crumbling dryness of ghost cities which throbbed once with the hopes of many people The New York Times The fascinating and definitive book on the ghost and near ghost towns of the Old West Lucius Beebe The Territorial Enterprise Good popular history and a useful reference work Library Journal *South by Southwest* David G.
