Bond Of Love:

The Bonds of Love Gordon Mursell, 2021-12-03 St Peter Damian 1007 1072 is an exceptional example of a paradox that is found in many saints and thinkers through the ages St Jerome St Bernard St Bridget of Sweden St Teresa of Avila and Thomas Merton come to mind of a lifelong tension between two competing vocations the call to solitude and holiness and the call to prophetic social and ecclesial engagement The author has explored this tension throughout his adult life both in his published work and in his own life as an Episcopalian Anglican priest and later bishop Damian's *The Book of The Lord be with you* is a profound exploration of the spirituality of solitude whereas his *Book of Gomorrah* is an intense attack on clerical sexual abuse which has helped to give Damian a new recent prominence in the light of the huge challenges facing the Church today *The Bonds of Love* shows that the paradox at the heart of Damian's life and everything he cared about was rooted in the remarkable theology of love which finds expression across the whole of his work and gives it both coherence and dynamism His life and spirituality are of far more than academic interest and will make a major contribution not only to those committed to ecclesial reform and renewal but to all who struggle to live with the kind of competing tensions that made St Peter Damian who he was

Abma,2018-03-20 Bonds of love offers a fresh interpretation of a selection of prophetic texts that present the covenant relationship as a marital relationship The accent in this study is on method historical and biographical categories such as the prophet and his career are left aside in order to concentrate on the composition and internal cohesion of the text The reading strategy developed in this book is both synchronic and communication oriented Since prophetic texts essentially consist of speech it is insufficient to study the text in abstraction from the audience that it addresses The texts have a communication purpose and a three part model is developed in order to investigate the communication effects of the text on the implied audience and the contemporary reader The studies of Isaiah 50 and 54 Hosea 1 3 and Jeremiah 2 3 reveal that a synchronic interpretation of these texts can be very fruitful Larger patterns of coherence come to the surface when one refrains from the procedure of atomizing the texts in original and secondary parts The final chapter is devoted to the theological implications of the marriage imagery What intriguing model of divine and human partnership is presented here And what sort of intimate interaction between Yhwh and Israel is precisely envisioned **A Precious Gift from Above: Nurturing the Bond of**

Stag of Love Marcelle Thiébaux, 2015-03-03 A sport and a military exercise hunting involved aggressive action with weapons and dogs and pursuit to the point of combat and killing for the sake of recreation food or conquest The Stag of Love explores the body of erotic metaphor that developed from the hunt together with Ovid's flourishing legacies While representing a range of human experience the metaphor finds its dominant expression in the literature of love As Marcelle Thiébaux demonstrates the hunt's disciplined violence represented sexual desire along with strategies and arts for getting love the joys of love and love's elevating mystique The genre gave rise to a lavish imagery of footprints and tracking arrows nets dogs and leashes wounds dismemberment and blood that persisted to Shakespeare's day Thiébaux opens with an account of a medieval chase and its ceremonies She introduces hunt manuals that defined and

gentrified the sport in stages from the party's departure to the ferocity of the struggle to the animal's death. These stages adapted readily to narrative structures in the love chase showing pursuit, confrontation with the beloved and consummation. In English literature, Thi baux considers Beowulf, Aelfric's Life of St Eustace, Sir Gawain and the Green Knight and Chaucer. She discusses Aucassin and Nicolette, Chr. tien de Troyes, Erec, Gottfried von Strassburg's Tristan, the Nibelungenlied and Wolfram von Eschenbach's works. The study ends with a scrutiny of newly recovered or little known narratives of the thirteenth, fourteenth and fifteenth centuries. Originally published in 1974 and now issued in paperback for the first time, *The Stag of Love* brings to life a theme of perennial interest to medievalists and to all readers intrigued by the imaginative treatment of love in the Western world.

The Holy Spirit as Communion I. Leon Harris, 2017-09-26 In *The Holy Spirit as Communion*, Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia. For both theologians, the doctrine of the Holy Spirit is foundational to understanding their doctrine of God, Christology and ecclesiology. Drawing on the theme of communion, *The Holy Spirit as Communion* expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son. It is the Holy Spirit who perfects the eternal communion within the divine Trinity, which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ. *The Holy Spirit as Communion* explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology. Gunton is represented by a radicalized version of Chalcedon Christology, and Macchia formulates his account through the overarching metaphor of Spirit baptism. Therefore, the doctrine of God, Christology, ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ.
