Bone Man Of Benares:

The Bone Man of Benares Terry Tarnoff, 2024-09-14 **The Bone Man of Benares** Terry Tarnoff, *Bone Man of Benares* Terry Tarnoff, 2005 If you were free completely free with no ties or commitments you could go anywhere do anything what would you choose wanting no part of a war he didn't believe in packed a bag picked up his guitar and sixteen harmonicas and headed out into the world What followed was the ultimate drop out adventure Amsterdam and the jungles of Africa he smoked chillums with the lepers of India trance danced at a death ceremony in Tibet developed a heroin habit in Bangkok nearly died driving through the poppy fields of Thailand with a kamikaze cab driver and found the girl of his dreams in wintry Stockholm about turning on tuning in and dropping out In a world full of larger than life characters and where the only limitation is your own imagination Terry Tarnoff went in search of answers and amazingly found some Along the way he had the craziest road trip you'll ever encounter *Far Out* Mark Liechty, 2017-02-21 Westerners have long imagined the Himalayas as the world's last untouched place and a repository of redemptive power and wisdom Beatniks hippie seekers spiritual tourists mountain climbers diverse groups of people have traveled there over the years searching for their own personal Shangri La In *Far Out* Mark Liechty traces the Western fantasies that captured the imagination of tourists in the decades after World War II asking how the idea of Nepal shaped the everyday cross cultural interactions that it made possible Emerging from centuries of political isolation but eager to engage the world Nepalis struggled to make sense of the hordes of exotic enthusiastic foreigners They quickly embraced the phenomenon however and harnessed it to their own ends by building tourists fantasies into their national image and crafting Nepal as a premier tourist destination Liechty describes three distinct phases the postwar era when the country provided a Raj like throwback experience for rich Americans Nepal's emergence as an exotic outpost of hippie counterculture in the 1960s and its rebranding into a hip adventure destination which began in the 1970s and continues today He shows how Western projections of Nepal as an isolated place inspired creative enterprises and paradoxically allowed locals to participate in the global economy Based on twenty five years of research *Far Out* blends ethnographic analysis a lifelong passion for Nepal and a touch of humor to produce the first comprehensive history of what tourists looked for and found on the road to Kathmandu *A Perfect Circle* Susie Kelly, 2006 Keen to discover some of France's lesser known attractions Susie Kelly and her husband embarked on a 10 000 kilometre journey where they encountered exploding gherkins killer waves chili flavoured chocolates sinister submarines and pitchforks grown in fields This is her account of a charming and quirky adventure *No Shitting in the Toilet* Peter Moore, 2005 Named after a sign the author saw on a lavatory door in China this alternative travel guide offers similar logic defying advice to travellers including impractical hints and the worst places to stay in a cautionary spirit but also in the belief that it often makes for the most fun travel experiences *Vroom with a View* Peter Moore, 2005 Readers will fall for a side of Italy rarely seen with the just turned forty Peter Moore rattling around the country on the back of an ageing Vespa scooter

asserted their right to scientific authority and encouraged readers to gaze into time's abyss with bold new eyes. A Companion to Indian Fiction in English Pier Paolo Piciuccio, 2004. After the pioneer works by scholars such as Naik Narasimhaiah and Mukherjee and the thirty years of silence which followed their ground-breaking achievements, the Companion appears on the scene striving to reinvigorate the tradition of panoramic studies of Indian literature in English. In the intervening period, Indian fiction in English has become of paramount importance in the wide context of postcolonial studies. An emergent crop of novelists belonging to the so-called new generation has colourfully paved the way towards new artistic horizons, reinterpreting Western-derived literary models with inventive approaches. Complementary to their role, there is the articulate presence of a host of Indian scholars who in recent years have significantly influenced the course of this analysis and have vitally contributed to enlarging its scope well beyond the original boundaries of studies in literary criticism. The Companion therefore addresses the exigencies of critics, teachers and students alike. All those who need to find quick points of reference in this wide field of studies by relying on a team of authoritative collaborators and specialists from all over the world. Great care was taken not only in selecting collaborators on the basis of their specialisation but also taking into account their cultural background in relation to the author they were to discuss. The book in fact has been organised to have what have been deemed to be the most representative authors in Indian fiction discussed in an essay-long chapter each structured to highlight crucial points such as biographical details, novels and critical reception. Each chapter includes a final bibliography complete with primary and secondary sources enabling the scholar to have immediate orientation on various specific topics. Finally, the book has an innovative section with synopses of novels planned to allow our readers to immediately place the authors analysed within the panorama of Indian fiction in English. The over 400 synopses included principally introduce works written by the novelists discussed at length in the previous chapters. But along with them, it is also possible to find summaries of works by authors who, although contributing in a significant way to the development of forms and techniques, do not feature in the first part.

The Artisans of Banaras Nita Kumar, 2017-03-14. Nita Kumar offers an evocative and sensitive portrayal of rarely explored aspects of Hindu culture through her analysis of the way leisure time is used by Hindu and Muslim artisans of Banaras: the weavers, metalworkers and woodworkers, music festivals, the place of physical culture and the importance of going to the outer side—all are examined as Kumar looks at changes that have occurred in leisure time activities over the last century. The discussion raises questions of the cultural and conceptual aspects of working-class life, the role of fun and play in Indian thought, the importance of public activities in terms of personal identity and the meaning of an Indian city to its residents. This analysis turns away from the usual models of Hindu-Muslim conflict by seeing divisions based on occupation, income level, education and urban neighborhood as more relevant for the construction of identity than those based on religion or community. Kumar draws her information from police station records, Hindi
