Bones Silence:

Telling Silence Charles E. Scott, 2023-11-01 In *Telling Silence* Charles E Scott speaks of silence often indirectly in such ways as to create occasions in which people might become more aware of silence in their experiences of themselves and the world around them The core question of the book is how can people be aware of silence without turning it into a thing and losing it Lack of awareness of silence is lack of awareness of a major dimension of lives both human and nonhuman Attunements with silence enable attunements with being alive in the fragility that invests even the strengths of living beings *Telling Silence* performs this attunement in descriptive accounts and instances of non reflective awareness awareness that does not deliberate or ponder In twenty three fragments poems stories and ways of thinking and speaking are brought together to intensify intimations of silence telling of itself

The Collection Jennifer S Hartley, 2014-08-08 The four plays in this collection are unique in many ways All founded on true experiences the plays show the complexities of human behaviour and the choices people make They remind us that our decision and actions can rarely if ever be classified in simple terms of black and white These creative works challenge us to look inside and question ourselves no matter how difficult the answers may be And behind every word is the realisation that not only do these things happen they specifically did occur to the many brave individuals who gave up their stories as a means of educating entertaining exploring and challenging Described by audiences as life changing brave shocking self reflective raw unlike any other theatre experience challenging and I didn't know theatre could do this Hartley puts all her cards on the table with her writing and is not afraid to tackle the topics others avoid yet she does so with an honesty even brutality that never loses its sensitivity or humour albeit black humour Her compassion and respect for those she writes about is clear in every page of her work

Expositions on the Book of Psalms: Psalms 1-36 Saint Augustine (Bishop of Hippo.), 1847

The Grace of Being Human R Gordon Zyne, 2025-05-15 Radical Christian Humanism is a rich spiritually grounded philosophy that combines the dignity and worth of every human being with a radical commitment to justice compassion and the transforming love of Christ It is deeply rooted in Christian theology but pushes beyond conventional religiosity to engage the full reality of human existence especially the suffering the marginalized the oppressed and the forgotten It's radical not because it's extreme or rebellious for its own sake but because it goes to the root from Latin radix of what it means to be human in God's image and what it means to live that truth in the world The *Meditations of Harmony and Dissonance* are complementary to the affirmations and commitments of Radical Christian Humanism They are like Zen Koans or poems from the Desert Fathers They do not close like doors or resolve like symphonies They drift like smoke from a censer held by a blind angel in a forgotten chapel They speak in tongues of wind and thunder laughter and sobbing And through it all harmony dissonance the One Voice murmurs Be human Be holy Be still

A Plea to Our Mother Kathleen Rooney, 2025-08-19 *A Plea to Our Mother* is a beautiful complex difficult collection of autobiographical poems that chronicles one woman's experience of childhood sexual abuse and how the abuse suffered by other members of

her family led to and complicated her own experiences Deeply personal and incredibly moving the collection speaks to any reader who has experienced sexual assault or trauma as well as those who want to better understand cycles of trauma and violence At the end of the book poems of resilience help uplift the reader after an emotional journey Breaking the silence is always difficult but opening the conversation is the only way to bring understanding to the long lasting effects of sexual violence and the common misunderstandings about people who suffer sexual violence as children Poet Kathleen Rooney originally tackled this heart wrenching content to break her own silence and with hope for validation from her family When that didn't happen she wrote the ending of the story of Now what so that others in the same predicament would feel less alone

Encounters Janne Korkka,2013-09-01 The problems of knowing and representing the other are acute every time we encounter a text as writers or readers Ethical Encounters engages with the representation of encounters with alterity in the writings of the Canadian author Rudy Wiebe Drawing on Emmanuel Levinas s philosophy on the ethics of encountering the other the book argues that Wiebe s writings show that the self s knowledge offers an inadequate basis for ethically valid representations of those encounters In the search for ethical ways of engaging with alterity Wiebe s writings offer new ways of employing silence and the presence of the unknowable as means to explore encounters with alterity Ethical Encounters shows that dividing Wiebe s work into two sharply distinct categories of Mennonite and First Nations writings overlooks important connections between the author s central works and may seriously hinder the interrogation of narrative engagement with alterity While such human encounters resonate against ethical strategies of representation the greatest challenge for the ethics of encounter in Wiebe s texts arises in encounters with the alterity of space Ethical Encounters engages with both physical and narrative spaces which are not permanently fixed in landscape or geography or in human perceptions of place arguing that the most radical expressions of alterity in Wiebe s writings emerge in encounters with the spaces of the Canadian North The study raises questions about the relationship between the self and the other as they concern knowing what does the self know when it claims to know another person or space How does the narrating self negotiate the seeming collapse of its own knowledge when it encounters others whose stories cannot be known Ethical Encounters casts new light not just on Wiebe s writings but also on how we as authors and readers engage with expressions of alterity which refuse to be transformed into familiar knowable forms Janne Korkka is post doctoral researcher and coordinator of the North American Studies programme in the Department of English University of Turku Finland His main research interests lie in the problems of representing space and encountering alterity in Canadian writing He is co editor of Seeking the Self Encountering the Other Diasporic Narrative and the Ethics of Representation 2008 He teaches Canadian and postcolonial literatures and North American Studies and publishes mainly on Canadian writing **No God Like the Mother** Kesha Ajose-Fisher,2022-04-05 Winner of the Oregon Book Award for Fiction Kesha Aj s Fisher s No God Like the Mother follows characters in transition through tribulation and hope Set around the world the bustling streets of Lagos the arid gardens beside the Red Sea an apartment in Paris and the rain washed suburbs of the Pacific Northwest this collection

C.R. Snyder,Howard L. Fromkin,2012-12-06 *My Red Shirt and Me* The red shirt incident begins with a rather ordinary red shirt Not a brightly colored red shirt not a dramatic cherry or firehouse red more like a faded burgundy But for several days my very identity was bound up in its redness It was me and I wore it with the pride a matador takes in his splendid cape a hero in his medals of bravery or a nun in her religious habit I ll never forget the boundless joy I felt wearing that simple pullover short sleeved red shirt in the hospital or the rush of relief that I experienced when at last I decided to surrender it However we are getting ahead of our story which starts a short time earlier with a most unfortunate accident A light flurry of wet snow had begun to fall as the university limousine turned the corner on its way from the Bronx campus of New York University to the downtown campus Although eight of us were packed into the car and had resigned ourselves to the usual boring faculty meeting awaiting us somehow a spontaneous air of joviality was created **The Heaven Trilogy** Ted Dekker,2011-07-06 Dive deep into the stories that began it all Ted Dekker s first novels collected together for the first time This trilogy is the collection of three gripping psychological thrillers that peel back the skin of this world to reveal a supernatural reality rarely seen A daring wager of life and death in Denver An unfathomable leap of faith in a small Balkan village near the end of WWII A global struggle for power that begins deep in the Amazon jungle All three stories are bound together by one family s timeless harrowing discovery of love and all that is unseen The Heaven Trilogy offers a window into a world more real and vital than most people ever discover here on earth A hidden world where the real dramas of the universe and our daily lives continually unfold Well well well guess what I ve found A fiction writer with a rare knack for a compelling story Expansive Clever A provocative read Best selling author Frank Peretti for *Heaven s Wager* Don t miss this book Don t miss this author s writing And don t miss the point Beautiful and suspenseful I ll have to read this one again Eric Wilson author of the *Jerusalem Undeclared Trilogy* for *When Heaven Weeps* *How to Survive Death and Other Inconveniences* Sue William Silverman,2020-03-01 Many are haunted and obsessed by their own eventual deaths but perhaps no one as much as Sue William Silverman This thematically linked collection of essays charts Silverman s attempt to confront her fears of that ultimate unknown Her dread was fomented in part by a sexual assault hidden for years that led to an awareness that death and sex are in some ways inextricable an everyday reality many women know too well Through gallows humor vivid realism and fantastical speculation *How to Survive Death and Other Inconveniences* explores this fear of death and the author s desire to survive it From cruising New Jersey s industry blighted landscape in a gold Plymouth to visiting the

emergency room for maladies both real and imagined to suffering the stifling strictness of an intractable piano teacher Silverman guards her memories for the same reason she resurrects archaic words to use as talismans to ward off the inevitable Ultimately Silverman knows there is no way to survive death physically Still through language commemoration and metaphor she searches for a sliver of transcendent immortality [Genesis to Atlantis](#) T.A.
