Of Life One Mans Search For The Wisdom Of Age:

Soul Searching A. Jeffcoat, 2006-03 In his first book *Spirited Americans* A E Jeffcoat celebrated America's optimists the people who gave this country its character and greatness He follows it with *Soul Searching* an affirmation of Christian faith through the testimony of pilgrims who have borne witness to its historical traditions Today those who turn to God to help them deal with the challenges of a world without a moral compass will derive comfort from treading the same path as Einstein Schweitzer and Mother Teresa Others who have lost their faith or never found it can look for encouragement in the lives of latecomers such as Tolstoy and Malcolm Muggeridge discovering as did Simone Weil that any step toward God is a good step The legacy of Thomas Jefferson and the examples of such leaders as Hamilton Lincoln and the two Roosevelts will challenge those who question whether faith has a place in our secular polity Learn the power of faith and the durability of Christianity in *Soul Searching*

Witness to an Extreme Century Robert Jay Lifton, 2011-06-14 On a fateful day in the spring of 1954 Robert Jay Lifton a young American psychiatrist just discharged from service in the Korean War decided to stay in Hong Kong rather than return home changing his life plans entirely so that he could continue work that had enthralled him interviewing people subjected to Chinese thought reform He had plunged into uncharted territory in probing the far reaches of the human psyche as he would repeatedly in the years ahead and his Hong Kong research provided the first understanding of the insidious process that came to be known as brainwashing From that day in Hong Kong forward Lifton has probed into some of the darkest episodes of human history bearing his unique form of psychological witness to the sources and consequences of collective violence and trauma as well as to our astonishing capacity for resilience In this long awaited memoir Lifton charts the adventurous and constantly surprising course of his fascinating life journey a journey that took him from what a friend of his called a Jewish Huck Finn childhood in Brooklyn to friendships with many of the most influential intellectuals writers and artists of our time from Erik Erikson David Riesman and Margaret Mead to Howard Zinn and Kurt Vonnegut Stanley Kunitz Kenzaburo Oe and Norman Mailer In his remarkable study of Hiroshima survivors he explored the human consequences of nuclear weapons and then went on to uncover dangerous forms of attraction to their power in the spiritual disease he calls nuclearism During riveting face to face interviews with Nazi doctors he illuminated the reversal of healing and killing in ordinary physicians who had been socialized to Nazi evil With Vietnam veterans he helped create unprecedented rap groups in which much was revealed about what we now call post traumatic stress disorder helping veterans draw upon their experience for valuable even prophetic insights about atrocity and war As a pioneer in psychohistory Lifton's encounters with the consequences of cruelty and destructiveness led him to become a passionate social activist lending a powerful voice of conscience to the suppressed truths of the Vietnam War and the dangers of nuclear weapons Written with the warmth of spirit along with the humor and sense of absurdity that have made Lifton a beloved friend and teacher to so many *Witness to an Extreme Century* is a moving and deeply thought provoking story of one man's
