## Of Love:

**In Defense of Love** Ron Rosenbaum, 2024-09-17 Rosenbaum offers a spirited and enjoyable defense of his version of love. The Wall Street Journal. A stirring manifesto on love in the modern age now available for the first time in paperback. In a work of ambition and brio, legendary journalist Ron Rosenbaum tackles his hardest topic yet: everyone's favorite four-letter word. He begins by investigating the neuroscience of love, arguing that our understanding of love is imperiled by quantification and algorithms which distill our behavior into mathematical formulas, our personality into brain chemical categories, and our curiosity into quiz questions. The very capacity that makes us human, Rosenbaum posits, is being taken over by numbers. To save it, he turns to literature and pop culture, discussing writing about love from a vast range of sources, including Tolstoy, novellas, trailblazing Updike manuscripts, David Foster Wallace, and Chrissie Hynde. Part of love's essence is its mystery, says Rosenbaum, and when he eventually finds his own answer to the riddle of love, a happy ending, it turns up in a completely unexpected place. *In Defense of Love* is more than an examination of the intersection of love with literature and science. It is a celebration of the uncanny and the persistent, the sublime and the ridiculous, the inexorable power of love. *Rhythms of Love - Jasmuheen's Travel Journal* Jasmuheen, 2012-12-06 As a commitment to witness, stimulate, and record humanity's co-creation of paradise on earth, Jasmuheen shares her experiences and insights on this as she travels the globe during 2006 to 2012. From Russia and the Eastern Bloc countries through Europe to the jungles of Colombia and India, Jasmuheen reports on her work with many open-hearted groups that gather with her. In this journal, the reader gains insight on what life is like for someone who is in full-time service with this paradise co-creation agenda. Spending nearly half of each year on the road, living in hotel rooms, airports, and seminar halls, constantly adjusting to continually changing weather patterns, all the while being nourished only by prana, Jasmuheen manages to keep herself healthy and happy regardless of the many challenges she faces. For despite all of this, she grows and learns and thoroughly enjoys meeting with all the beautiful, light-filled people that she now constantly meets in this world. **The Matters of love** Avinash Kumar, 2021-07-03 The book *The Matters of Love* is a Romantic Novel written by a simple author, Avinash Kumar M.A. In English. In the novel, the author contains the realistic creativities of all the couples of the world, whether they are in love and arranged marriages, but mainly described in the book about the love relationship of the youngster's temperament. The emphasis has been laid on presenting the basics of the real facts with the help of simple, sensuous, meaningful, and the relevant illustrations. Indeed, the author tries to elaborate on the love relationship between men and women of the modern world. **Ocean of Love, or Sea of Troubles?** Geoffrey Harris, 2016-12-22 The title of Dr. Harris' book suggests that life is like a two-sided coin; it can be an Ocean of Love, but can also be a Sea of Troubles. The subtitle clarifies this paradox: first, there are many signs of God's reality and activity in the world, and the first section of the book examines ways in which people are aware of God as both a creative and immanent presence in life. The signs of God are not philosophical proofs but empirical realities accessible to all people. In the second

section the biblical responses to suffering in the world are explored through both Old and New Testaments In the third section the writings of two modern apologists C S Lewis and Philip Yancey are assessed and then finally there is a chapter of interviews with people who have known suffering in their lives      The Path of Love Ronald D. Cowen,2015-02-05 The Buddha was a scientist Instead of using a microscope or a particle accelerator the Buddha used ESP He had several psychic powers that allowed him to perceive in detail the psychology of karma the evolution of consciousness and subatomic particles He discovered love and self love to be organizing principles that evolved early in the history of intelligent consciousness especially with regard to feelings and emotions Every person has the deepest need to love and be loved He solved the mind body problem by perceiving the physical basis of intelligent consciousness These psychic powers are acknowledged in Hindu and Buddhist scriptures but extremely few people have them This book is essentially a meditation report written by someone who has them While this sounds like an invitation to return this book to the shelf in a bookstore it also documents in depth another report by a physicist Stephen Phillips who relates in comprehensive detail the relationship between modern superstring theory and extrasensory observation of the elements of the periodic table by Annie Besant and Charles Leadbeater of the Theosophical Society This strong connection between modern physics and psychic powers of the Buddha is a real challenge to both the modern scientist and the modern Buddhist      **Law in the Courts of Love** Peter Goodrich,2002-11 In the wake of current criticisms of the legal profession Peter Goodrich presents us with a radical alternative vision of the law He examines past legal systems offering up the possibility of a more humane system      **A Christian Life, The Journal of Love and Faith Book 1** Gale C Adams,2014-10-14 A Christian Life the Journal of Love and Faith are weekly blogs that I write as part of the being40plus online magazine In my passion to spread God s Word I ve decided to put these blogs together as mini journals I not only want to help spread God s good Word but I also desire to help others or non believers know and understand how we as Christians should live in order to live the promised life a better more abundantly filled and happier life given to us by God But in order to obtain the fulfillment of God s promises we must choose to surrender to His Will and completely trust in Him He loves us abundantly unconditionally and more importantly His love never fails      **The Origin of Humanness in the Biology of Love** Humberto Maturana Romesín,Gerda Verden-Zöller,2012-02-21 The central concern of this book is us human beings The authors basic question is How is it that we can live in mutual care have ethical concerns and at the same time deny all that through the rational justification of aggression The authors answer this basic question indirectly by providing a look into the fundamentals of our biological constitution concentrating on what they term emotioning that is the flow of emotions in daily life that guides the flow of the systemic conservation of a manner of living Maturana and Verden Zöller claim that the fundamental emotion that gave rise to humans as sapient languaging beings was love and that this remains our fundament even when other emotions become socially prevalent      The Power of Love - The Three Ross J. Kinnaird,2024-08-23 If I had possessed my brother s magic I

would have known how a soul could enchant a God magnetize his will Instead I faced the discovery alone against the odds risking the fate of the entire universe One soul Daniel s soul drove me insane His heart his dreams his connections with the ones he loved whispered of an unbreakable bond There at the turning of the tide at the tipping point between existence and demise his soul saved me saved us all Once again Daniel Anita and Noah stand on the precipice of destiny their hopes shattered by an unforeseen tragedy that threatens to engulf them in despair As the darkness looms ever closer their resolve burns brighter than ever before With each step forward they confront trials that test their strength courage and bonds of friendship But as they march towards the ultimate showdown they must grapple with their own inner demons and confront the harsh realities of sacrifice and loss For in this final battle between light and darkness the fate of every world hangs in the balance and the stakes could not be higher      *Meditations on Life and Living...Born out of Love for God* Wesley J.
