## Of Psalms Selected And Adapted From The Hebrew:

**A Book of Psalms** Stephen Mitchell,1993 Adapts and translates fifty of the most powerful and popular psalms to create poems that recreate the music of Hebrew verse     *A Book of Psalms* Stephen Mitchell,2009-10-13 Let the heavens and the earth rejoice A new adaptation of the psalms from the author of *The Gospel According to Jesus* When the ancient rabbis named the anthology that we know as the Book of Psalms they called it sefer tehillim the Book of Praises That is the dominant theme of the greatest of the Psalms a rapturous praise a deep exuberant gratitude for being here In this volume leading biblical scholar and award winning translator Stephen Mitchell translates fifty of the most powerful and popular bible psalms to create poems that recreate the music of the original Hebrew verse     □□□□ □□□□ Elyse D. Frishman,2007

*Mishkan T'filah* Central Conference of American Rabbis/CCAR Press,2007     *Siddur Sha'ar Zahav* Sha'ar Zahav,2009-01-01 Congregation Sha ar Zahav s first siddur appeared in 1982 It was revised in 1994and again in 2000 The richness of this siddur like the Sha ar Zahav community is rooted in its integration of Jewish tradition with egalitarian feminist and LGBTQ positive ideas and language With this edition we have sought to continue and expand the Sha ar Zahav tradition of creating liturgy that reflects who we are The compilers of the 2000 edition wrote A Jewish prayer book which had nothing in common with the traditional siddur would lack the wealth of history which connects our worship with Jewish practice around the world and over the centuries On the other hand many of us are uncomfortable with some of the imagery and language found in the prayer books of the major Jewish denominations in the United States With this prayer book we have attempted to capture the spirit of Jewish liturgy while avoiding the objectionable elements When Congregation Sha ar Zahav was founded in 1977 only a handful of synagogues offered full acceptance to bisexual transgender lesbian gay and queer identified Jews From the outset Sha ar Zahav has been a community that is open to all Sha ar Zahav is affiliated with the Union for Reform Judaism URJ and this siddur reflects many of the innovations of the Reform movement as well as the URJ s commitment to an evolving liturgical tradition The members of Congregation Sha ar Zahav the authors of most of the new material in this siddur come from many varied backgrounds movements affiliations traditions and practices Some identify with Ashkenazi Sephardi or Mizrahi traditions Some were born into Jewish families while some chose Judaism We are young and old and every age in between We have sought to reflect both our shared traditions and our differences in our liturgy In order to create a spiritual home for all who choose to enter our gates and in order to develop a siddur which will continue to resonate with the congregation and reflect our community s diversity we have tried to cast a wide liturgical net We have drawn from the traditions we have been handed we have sought out sources that have been hidden and we have tapped the creative gifts of our own community In this edition we have been mindful of and have sought to expand the principles which have distinguished this siddur in the past using non sexist language when referring to both people and God restoring visibility to women throughout Jewish tradition speaking directly to the experience of lesbian gay bisexual

transgender and queer identified people understanding the concept of Jewish chosenness as uniqueness envisioning the Messianic time as the fulfillment of tikkun olam the repair of the world and seeing ourselves as participants in the holy work of repair Siddur Sha ar Zahav includes alternative English versions of prayers and alternative Hebrew and Aramaic so that our values can be reflected in all of our languages of prayer Because of the gravity of altering wording that may be hundreds of years old we spent considerable time developing guidelines for Hebrew prayers In keeping with the Sha ar Zahav tradition we decided not to remove customary versions of prayers but to add new versions alongside them We did not alter any passages taken from the Torah except to ensure gender inclusivity which is noted in the text Nor did we alter prayers such as the Mourners Kaddish which serve so powerfully to connect us to the Jewish people across time and space Where we did create new Hebrew versions we followed a set of principles which are discussed in the appendices Siddur Sha ar Zahav endeavors to respect the varied and at times contradictory sensibilities of our people and our congregation Our goal is for all of us progressive Jews within the Reform movement s umbrella regardless of gender identity or sexual orientation to see ourselves reflected in our liturgy so that none of us experience the invisibility and exclusion we have historically encountered Our prayer book attempts to embody the teaching that each of us is created b tzelem Elohim in the image of God While we know that not every reading will speak to each of us we hope that in these pages all of us will find a point of departure for prayer and for dialogue with the Source of creation

From Bards to Biblical Exegetes David Emanuel,2012-08-22 A cursory glance through the Psalter reveals numerous allusions to events in Israel s literary history While a range of literary and oral sources were obviously available to psalmists the relationships between these sources and the psalmists final work are more obscure Concerning these relationships numerous questions remain unanswered How strictly did the psalmists replicate their sources What kinds of alterations did they make additions omissions etc Did they alter the meaning of their sources in their own compositions Departing from the more classical approaches to researching the psalms engaging in the determination of Sitz im Leben and Gattungen this intertextual study addresses the aforementioned issues by focusing on a group of psalms associated with Israel s exodus tradition 105 106 135 and 136 Through a detailed comparison of lexical correspondences between the psalms and other biblical texts together with a relative dating of each psalm the study identifies literary sources employed by the psalmists It additionally includes a close reading of each psalm to establish the unity and meaning of each composition Emanuel then analyzes and categorizes lexical variances between each psalm and its sources providing potential explanations for alterations found between the two and revealing how the psalmists reinterpreted their biblical sources **Jewish Passages** Harvey E.
