The Book of Ratings L. Fitzgerald Sjöberg, 2002 Are you harshly judgmental Yes Do you walk around snidely rating everything in your path Of course you do You can't help it it's just too easy and too much fun to rate everything from your coworkers and dates to restaurants and supermodels The Book of Ratings which grades and compares everyday items in its own unique way is the ultimate catalog of the most mundane and most hilarious rankings around For instance Have you ever considered marsupials Koalas Koala bears eat only one thing day in and day out Koalas look cuddly but they're actually irritable solitary beasts who do not want belly rubs What kind of mocking god created creatures with poofy ears and big black noses that don't want belly rubs Bopossums North America gets one lousy marsupial and let's just say it's not going to win any beauty contests Or even not ugly contests C Wombats Wombat is a great name It's got a wom and a bat and an omba They're kind of nondescript animals cute in a generic pudgy mammal way but their name spelled backward is tabmow and that makes all the difference A
