Hamborg,2023-06-29 This commentary offers a timely and up to date assessment of the books of Hosea Joel and Amos and shares the best of contemporary Old Testament scholarship in non technical language and an accessible style It enables an appreciation of the books of Hosea Joel and Amos as literary texts with continuing theological value **Christian Ethics and Nursing Practice** Richard B. Steele,Heidi A. Monroe,2020-06-25 Christian Ethics and Nursing Practice shows how the religious and moral teachings of the Christian Bible compare contrast and correlate with the ethical standards of modern nursing as stated in the Code of Ethics for Nurses It describes four main strands of moral discourse in the Bible law holiness wisdom and prophecy and shows the relevance of those strands for contemporary bedside and advanced practice nursing The work could serve as a textbook for courses in nursing ethics at Christian colleges and universities or as a guidebook for practicing nurses who have devoted their lives to caring for the sick the injured the elderly the disabled and the dying as a way of living out their commitment to Jesus Christ

A Law Book for the Diaspora John Van Seters,2003 The foundation for all scholarly study in biblical law is the shared assumption that the Covenant Code as contained in Exodus 20 23 22 33 is the oldest code of laws in the Hebrew Bible and that all other laws are later revisions of that code The author of this text strikes that foundation *The Sin of the Calf* Youn Ho Chung,2019-04-18 The relationship of the biblical tradition to golden calf worship seems to be entirely negative In the Torah and the Book of Kings harsh criticism is wielded against the golden calf the Israelites made in the wilderness Exod 32 Deut 9 7 10 11 and the calves erected by Jeroboam ben Nebat 1 Kgs 12 26 33 at Dan and Bethel during his reign over the Northern Kingdom of Israel Hence the question arises as to whether Jeroboam in truth set up the golden calves in order to buck the postulates of the Israelite religion of his time that is was Jeroboam s golden calf really meant to lure Israel into worship of other gods or idolatry The research into the background and factors which motivated negative attitudes towards the Golden Calf will provide an insight as to when prohibition of images in the Israelite religion became crystallized and how it was indispensable in proclamation of the monotheism of YHWH *The Jewish Nation* ,1850 The Modern Version Incursion Ken Matto,2018-04-10 I wrote The Modern Version Incursion because there is a need in the church for Christians to see plainly that the modern versions of the Bible are counterfeits God wrote one Bible not three hundred The Bible tells us

plainly that God's word is forever settled in heaven as Psalm 119:89 teaches. This means the word of God is established and firm in heaven. The modern versions attack the cardinal doctrines of the Christian faith and especially attack the Lord Jesus Christ. The modern versions are based on the second century Gnostic beliefs that were prevalent in Alexandria, Egypt. They disbelieved that Jesus was the Son of God and that He was not the incarnation of deity. What is really unhealthy is when the pastor of a church pushes these counterfeits and convinces their congregation that they are the most accurate. I sincerely desire Christians to look at their modern version and then compare it with the King James Bible and ask the question why is theirs so different. We will look at 747 verses which should be more than enough to convince even the skeptic. Christians will search out a neighborhood to live in, check out a mutual fund or stock, research a car before they buy, but when it comes to Bibles they couldn't care less what they use. It shows how Christian commitment is lacking and the weakness of modern Christianity attests to that fact. If one uses a counterfeit they will be weak in their walk. Since the 1901 ASV came out, the church has become so weak it needs to be put on life support. When you start making the comparisons in this book, you will see that Christianity has been sold a bill of goods. Advent Review and Sabbath Herald, 1852. Hands of Faith Jordan Cooper, 2016-07-15. It is a common misconception that Lutheran theology is inherently antinomian or unconcerned with Christian ethics. This unfortunate caricature of the doctrine of the Reformation has been furthered by certain strands of Lutheran theology which reject the third use of the law and the necessity of expounding Christian ethics in preaching. In this book, Jordan Cooper challenges the claim that Lutheranism emphasizes justification at the expense of sanctification, demonstrating that the two kinds of righteousness are a historical Lutheran framework that gives prominence to both salvation by grace and one's duty to serve the neighbor in love. Through an evaluation of Luther's writings, the confessional documents, Lutheran Orthodoxy, and contemporary writers, Cooper demonstrates that an emphasis on the passive nature of one's relationship to God does not diminish or negate the necessity of sanctified living. This is done not by departing from Lutheran teaching but by delving deeper into historic Lutheran theology as found in the scholastic tradition. *Exposition of the Epistle to the Romans* Robert Haldane, 1847. Democracy and the Ten Commandments Robert Kimball Shinkoskey, 2016-07-12. For 2,000 years, Western culture has leaned heavily on the Ten Commandments for guidance in religion, ethics, and morality. The author, drawing upon modern Biblical science, demonstrates that those laws were designed for an entirely different purpose: to provide alternatives to repressive policies. Israel reeled under in Egypt. The Decalogue is a political document designed to limit government intrusion into private lives. Its precepts deal with matters like political parties and intellectual freedom, central banking and taxation, occupational choice, free economy, humane working conditions, local government, right to life, and international relations, land possession and inheritance, equal justice and education, and citizenship and public health. The author's interpretation necessitates a wholesale repositioning of Biblical religion. The Bible is not a book about religious worship but is rather a book about citizen-empowered local democracy. This essay suggests a

way out of the woods for an American democracy that has lost its way in a headlong veer toward heavy handed central government *The Jewish Nation* George Stokes,1848 *Moses and the Prophets* William Henry Green,1882
