Of Love An Anthology Of Verse And Prose:

A Book of Love Arness Lorenz, 1996 Filled with the poetry and prose of the greats of English literature including Elizabeth Barrett Browning Emily Dickinson William Shakespeare and Lord Byron A BOOK OF LOVE is a book for giving or keeping for remembering and commemorating for crying and rejoicing **A Book of Love** Smithmark Publishers, Incorporated, 1996 **Love, Poetry, and Immortality: Luminous Insights of the World's Great Thinkers** William Gerber, 2022-07-11 This book explores and illustrates the individuating characteristics and the interrelationships of love poetry and literary immortality such immortality that is as writers may win in the sense of being long remembered and appreciated by future readers From the book s numerous quotations of glittering literary passages it is evident that love is often expressed in poetry and that many authors especially those writing about love have expressed the winsome hope that their works would be greatly cherished by later generations Part One of the book illustrates by passages of matchless poetry the joys and perils of love and other outstanding features of love Part Two outlines the history of expressions by writers in many cultures of their confidence or hope that their works will make them immortal *The Horsemen of the Apocalypse* Stephen Robert Kuta, 2020-04-07 The Horsemen of the Apocalypse an anthology of poetry to read or not when the world is ending is a collection of work in two parts Showcasing nine famous Apocalyptic poems complete with analysis of the authors work and ten new modern works by author and poet Stephen Robert Kuta The title piece The Horsemen of the Apocalypse has had overwhelming response on social media and has been liked and shared 36 600 times on facebook and more then 43 700 times on Instagram The collection is inspired by the Apocalyptic Movement or the New Apocalypse of the 1930 s and early 1940 s as well as inspiration in more recent times with the pandemic spread of Covid 19 commonly known as Corona Virus The book is dedicated To Earth with hope that our planet and people face a better kind and brighter future The New Cambridge Bibliography of English Literature George Watson, Ian Roy Willison, 1974 **The Columbia Granger's Guide to Poetry Anthologies** William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology The Transmutation of Love and Avant-Garde Poetics Jeanne Heuving, 2016-05-19 The Transmutation of Love and Avant Garde Poetics is a probing examination of how the writing of sexual love undergoes a radical revision by avant garde poets in the twentieth and twenty first centuries Today the exploration of love by poets long a fixture of Western poetic tradition is thought to be in decline with love itself understood to be a mere ideological overlay for the more real entities of physical sex and desire In The Transmutation of Love and Avant Garde Poetics Jeanne Heuving claims that a key achievement of poetry by Ezra Pound H D Robert Duncan Kathleen Fraser Nathaniel Mackey and others lies significantly in their engagement with the synergistic relations between being in love and writing love These poets she argues have traded the clich d lover of yore for impersonal or posthuman poetic speakers that sustain the gloire and mystery of love poetry of prior centuries As Robert Duncan writes There is a love in which we are

outcast and vagabond from what we are that we call falling in love Heuving claims that this writing of love is defining for avant garde poetics identifying how such important discoveries as Pound s and H D s Imagism Pound s Cantos and Duncan s open field poetics are derived through their changed writing of love She draws attention to how the prevailing concept of language as material is inadequate to the ways these poets also engage language as a medium as a conduit enabling them to address love afresh in a time defined through preoccupations with sexuality They engage love as immanent and change it through a writing that acts on itself The Transmutation of Love and Avant Garde Poetics ascribes the waning of love poetry to its problematic form a genre in which empowered poetic speakers constitute their speech through the objectification of comparatively disempowered subjects or beloveds Refusing this pervasive practice the poets she highlights reject the delimiting one sided tradition of masculine lovers and passive feminine beloveds instead they create a more nuanced dynamic poetics of ecstatic exploration what Heuving calls projective love and libidized field poetics a formally innovative poetry in which one perception leads directly to the next and all aspects of a poem are generative of meaning

historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available **Australian National Bibliography** ,1978 Anthologies of British Poetry Barbara Korte,Ralf Schneider,Stefanie Lethbridge,2000 From Tottel s Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web **Australian National Bibliography: 1992** National Library of Australia,1988 **Encyclopedia of Arabic Literature** Julie Scott Meisami,Paul Starkey,1998 This reference work covers the classical transitional and modern periods Editors and contributors cover an international scope of Arabic literature in many countries **The Oxford Handbook of Southeast Asian Englishes** Andrew J. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a
