Alongside the story of human development, innovation, and progress, there is a culinary tradition of equal richness and importance. In *The Culinary Crescent: A History of Middle Eastern Cuisine*, Peter Heine combines years of scholarship with a personal passion; his knowledge of the cookery traditions of the Umayyad, Abbasid, Ottoman, Safavid, and Mughal courts is matched only by his love for the tastes and smells produced by the contemporary cooking of these areas today. In addition to offering a fascinating history, Heine presents more than one hundred recipes, from the modest to the extravagant, with dishes ranging from those created by the celebrity chefs of the bygone Mughal era up to gastronomically complex presentations of modern times. Beautifully produced, designed for both reading and cooking, and lavishly illustrated in color throughout, *The Culinary Crescent* is sure to provide a delectable window in the history of food in the Middle East. **A Book of Middle Eastern Food** Claudia Roden, 1972 More than 500 recipes from the subtle, spicy, varied cuisines of the Middle East, ranging from inexpensive but tasty peasant fare to elaborate banquet dishes. **A Taste of Thyme** Sami Zubaida, Richard Tapper, 2000 This pioneering book considers the culinary cultures of the Middle East in a variety of contexts.
