The relationship between Early Judaism and the New Testament is a major issue in biblical studies one that has impacted Jewish Christian relations for centuries This impact has often been negative due to troubling misconceptions of both the New Testament and Jewish writings contemporaneous with it Misunderstandings have arisen from inaccurate information religious traditions and anti Semitism Warren Carter and Ariel Feldman address and correct these misconceptions by engaging with the New Testament and major writings from Early Judaism including the Apocrypha Old Testament Pseudepigrapha and the Dead Sea Scrolls as well as Philo and Josephus The authors emphasize various interactions among these traditions for the purpose of better interpreting the New Testament and importantly avoiding anti Jewish bias This is an ideal supplemental textbook for students of the New Testament as well as interested clergy and laity The text is straightforward and readable and unlike other books on the topic it does not assume prior knowledge of Early Judaism or of New Testament engagement with it Each chapter recognizes troubling misunderstandings that people often have about the interactions between Early Judaism and the New Testament and includes discussion prompts The Dead Sea, a New Route to India William Allen,1855 *The Dead Sea Scrolls and the Personages of Earliest Christianity* Arthur E. Palumbo,2004

Who wrote the Dead Sea Scrolls Paleographical dating has tended to downplay the Scrolls importance and to distance them from the personages of earliest Christianity but a carefully worked out theory based on radiocarbon dating and other tests connects Scroll allusions to personages and events in the period from 37 BC to AD 71 and suggests a new view on how and why the Romans crucified Jesus Part I of this study is an attempt to deal more realistically with the evidence of the Dead Sea Scrolls very few scholars have ever examined the period from 37 BC to AD 71 as the possible setting for the scrolls Nevertheless everyone would admit the existence of scroll allusions that only have real relevance in this time period Part II takes up Jesus and the beginnings of Christianity New Vistas of Organic Farming, 2nd Ed.
