Of Vigils:

A Book of Vigils Christopher L. Webber, 2002 Presents seven complete vigil services inspired by the ancient monastic discipline of prolonged nighttime prayer and meditation but adapted to modern use *The Liturgy of the Hours in East and West* Robert F. Taft, 1986 The origins and development of the Divine Office are traced through both Eastern and Western branches of the Church providing a wealth of historical and liturgical information From the small beginnings of a few Christians in New Testament Jerusalem the prayer of the Church spread changing and evolving as it met and was assimilated by different cultures This classic study is a major resource for the liturgical scholar **Bringing Ritual to Mind** Robert N. McCauley, E. Thomas Lawson, 2002-08-15 Bringing Ritual to Mind explores the cognitive and psychological foundations of religious ritual systems Participants must recall their rituals well enough to ensure a sense of continuity across performances and those rituals must motivate them to transmit and re perform them Most religious rituals the world over exploit either high performance frequency or extraordinary emotional stimulation but not both to enhance their recollection the availability of literacy has little impact on this But why do some rituals exploit the first of these variables while others exploit the second McCauley and Lawson advance the ritual form hypothesis arguing that participants cognitive representations of ritual form explain why Reviewing evidence from cognitive developmental and social psychology and from cultural anthropology and the history of religions they utilize dynamical systems tools to explain the recurrent evolutionary trajectories religions exhibit

inability to dream But who needs dreams for their everyday lives A book about imagination being stronger than all knowledge about dreams being more powerful than reality I sit at the computer with great determination I think I've been in it from the very beginning Who else should leave a message for future generations if not I Who could possibly be more objective I plunge into that dreary silence Then I draw the curtains again make myself a sickly sweet coffee and get down to writing Maybe my next opus will not bear the seal of genius but it certainly will be noteworthy for its topic As fate has decreed I am in fact the only Vigil in the world who is capable of sleeping
