Congress,1965 **Third Wave Capitalism** John Ehrenreich,2016-04-05 In Third Wave Capitalism John Ehrenreich documents the emergence of a new stage in the history of American capitalism Just as the industrial capitalism of the nineteenth century gave way to corporate capitalism in the twentieth recent decades have witnessed corporate capitalism evolving into a new phase which Ehrenreich calls Third Wave Capitalism Third Wave Capitalism is marked by apparent contradictions Rapid growth in productivity and lagging wages fabulous wealth for the 1 percent and the persistence of high levels of poverty increases in the standard of living and increases in mental illness personal misery and political rage the apotheosis of the individual and the deterioration of democracy increases in life expectancy and out of control medical costs an African American president and the incarceration of a large percentage of the black population Ehrenreich asserts that these phenomena are evidence that a virulent individualist winner take all ideology and a virtual fusion of government and business have subverted the American dream Greed and economic inequality reinforce the sense that each of us is on our own The result is widespread lack of faith in collective responses to our common problems The collapse of any organized opposition to business demands makes political solutions ever more difficult to imagine Ehrenreich traces the impact of these changes on American health care school reform income distribution racial inequities and personal emotional distress Not simply a lament Ehrenreich s book seeks clues for breaking out of our current stalemate and proposes a strategy to create a new narrative in which change becomes possible **Using Past as Prologue** Dionne Danns,Michelle A. Purdy,Christopher M. Span,2015-08-01 In 1978 V P Franklin and James D Anderson co edited New Perspectives on Black Educational History For Franklin Anderson and their contributors there were glaring gaps in the historiography of Black education that each of the essays began to fill with new information or fresh perspectives There have been a number of important studies on the history of African American education in the more than three decades since Franklin and Anderson published their volume that has pushed the field forward Scholars have redefined the views of Black southern schools as simply inferior demonstrated the active role Blacks had in creating and sustaining their schools sharpened our understanding of Black teachers and educational leaders role in educating Black students and themselves with professional development provided a better understanding and recognition of the struggles in the North particularly in urban and metropolitan areas expanded our thinking about school desegregation and community control and broadened our understanding of Black experiences and activism in higher education and private schools Our volume will highlight and expand upon the changes to the field over the last three and a half decades In the

shadow of 60th anniversary of Brown v Board of Education and the 50th anniversary of the 1964 Civil Rights Act contributors expand on the way African Americans viewed and experienced a variety of educational policies including segregation and desegregation and the varied options they chose beyond desegregation The volume covers both the North and South in the 19th and 20th centuries Contributors explore how educators administrators students and communities responded to educational policies in various settings including K 12 public and private schooling and higher education A significant contribution of the book is showcasing the growing and concentrated work in the era immediately following the Brown decision Finally scholars consider the historian s engagement with recent history contemporary issues future directions methodology and teaching
