Bombardier Bible Case:

The Bible Is Right! James Edward Gilmer Ph D, 2013-06-06 The Bible Is Right about Dinosaurs and Evolution shows unequivocally that the Bible is correct in its teaching that we once coexisted with dinosaurs and that evolution the theory that contradicts this Biblical teaching is patently false This book offers extraordinary evidence from a variety of sources including science that the Scriptures are accurate regarding our coexistence with dinosaurs Proving coexistence automatically disproves evolutionary dating but this book takes the extra step of disproving all of evolution It does so by examining and destroying with logic and science every major assumption and claim made by evolutionists including the absurd notion that dinosaurs became extinct before humans appeared on earth The Bible Is Right about Dinosaurs and Evolution highlights evolution as a ruthless brainwashing machine that not only dupes us into denying that dinosaurs are in the Bible but also fools us into falling for a host of other false ideas including the theory that the universe and life itself began accidentally As a matter of fact this book will show that evolution is so wrong in so many ways that it stands in constant conflict with both time honored Biblical truths and proven scientific principles Furthermore demonstrating that the strongest pieces of evidence for evolution are actually hoaxes this book will prove that evolution is not a real science at all This book not only proves the reality of our past coexistence with dinosaurs and the fallacy of evolution but also shows how the suppression of these facts has polluted our laboratories classrooms and media Finally this book highlights the scientific and educational implications of its conclusions and offers an intelligent alternative to evolution *The Bible Is Right* James E. J. Tofflemire, 2011-07-21 This book provides summary apologetics from

about 200 references It is unique in that many authors with differing viewpoints are put together in brief key point summaries Some of the books covered are 1100 pages long The original authors views are briefly integrated and compared The different views of creation are also discussed and compared and given a open minded weighing Are you concerned about the fact that 70% of our youth no longer attend church and do not have a biblical world view The naturalistic or humanistic world view they adopt from schooling favors the following 1 Man evolved from primates and is a biological machine with no purpose 2 There is no source of true morals and thus morals are relative and determined by whatever a given group decides or whatever is most popular 3 Since man is only and animal there is no basis for individual human rights only rights for the masses There are some good arguments provided in the book to counter all of this and provide a biblical world view These arguments are brief and easy to share in witnessing situations The Victors Jack Cavanaugh,1998 The seventh book in the popular adult fiction series *An American Family Portrait* The Victors follows the path of a new generation of the Morgan family Four siblings are caught up in the events of World War II and each will handle the challenge differently Nat Walt Alex and Lily must face life s worst before they find out what it really means to be the victors *The New Answers Book 1* Ken Ham,2007-01-15 Christians live in a culture with more questions than ever questions that affect one s acceptance of the Bible as authoritative and trustworthy Now discover easy to understand answers that reach core truths of the Christian faith and apply the biblical worldview to a wide variety of subjects Chambers's Journal of Popular Literature, Science and Arts ,1895 **The Scientific Case Against Scientific Creationism** Jon P. Alston,2003-09 Sociologist Jon P Alston offers a unique and clear analysis of the weaknesses of scientific creationism and intelligent design by identifying what creationists say when they reject evidence for evolution He demonstrates how scientific creationists accept non scientific statements that contradict established scientific knowledge Acceptance of anti evolutionary knowledge also demands acceptance of a literal six day creation and other statements contradicting scientific findings Few persons have read so closely the writings of scientific creationists to illustrate how anti scientific anti evolutionists become when they criticize the fact of evolution Creationists are forced to develop just so stories to defend their literal interpretations of Biblical scripture Alston finds creationists cannot defend their religious beliefs using established scientific methodologies and principles **The Bible class magazine [ed. by C.H.
