Singh, 2019-02-07 The present book is an anthology of my previously published fifteen articles in the span of 19 years Many articles were not available today My friend and colleagues suggested me to put them into a book and publish it so that they became useful for the readers and available at one place Therefore I took this task and this work is here In this book there are varieties of articles in Theravada and Mahayana and also in Tibetan Buddhism Right from the Buddhism from the Gandhian perspectives to the status of women this anthology covers mainly the most highlighted concepts of Tibetan Buddhism i e Bodhicitta or the altruistic attitude of the mind I have also chosen the much discussed meditational practice of Buddhism i e Vipassana and two articles are given in this book here The much discussed theory of void and Dependent origination is also given from Tibetan practice point of view An article on Dependent origination is also given as the Buddha said that one who sees the dependent origination sees the Dharma Compassion begets merits and because of the compassion Buddha agreed to disseminate his teachings after his initial hesitation at Bodh Gaya Two articles are attributed to the compassion and its associated practices from the Tibetan perspectives The most solicited article is Buddhism today which will compel the reader to think about the religion practices and the man and associated habits since the time unknown

Buddhist Civilization in Tibet Tulku Thondup Rinpoche, 2024-12-02 First published in 1987 Buddhist Civilization in Tibet is unique among works in English as it provides a whole range of information on Tibetan religion and literature with extensive scholarly data in a compact single volume An invaluable reference book it shows what is available within different traditions and literature and what will be helpful for English speaking students who are interested in Tibetan Buddhism its culture and literature In the first part of the book the author provides a survey of Buddhism in Tibet and an account of the doctrine and history of the four major Buddhist schools of Tibet Nyingma Kagyud Sakya and Gelug with lists of their major monastic institutions In the second part he gives an overview of Tibetan literature with a summary of both the secular and religious literature of Tibet and particular emphasis on the scope of literary works of the four major Buddhist schools

Uddiyana Guru Padmasambhava : The Second Buddha Prabir Kumar Pattanaik, 2024-07-07 Buddhist Acharya Padmasambhava of the Vajrayana school of Mahayana sect being invited by the king of Tibet went there during the first half of the eighth century AD He firmly established this esoteric form of Buddhism there and other Himalayan lands which is known as Lamaism He is deified and celebrated in Lamaism as Buddha himself even more than that As a direct result of Padmasambhava s efforts the people of Tibet were elevated to a state of unsurmountable spiritual culture He is therefore truly one of the greatest of the world s culture heroes He is most revered and is honoured as the Second Buddha He belongs

to India and hails from Uddiyana Therefore he is popularly known as Uddiyana Guru But a holy personality known all over the world a Great Guru is almost a forgotten name in India least remembered not in history not in literature not anywhere even among the Buddhist circles in India Padmasambhava originally belongs to Uddiyana the location of this place has been disputed by some scholars to be in Swat Valley within the ancient Gandhara region which is not tenable The present work is an attempt to study all aspects pertaining to this Guru starting from his magical appearance and penances to his mystical life his works and achievements all through the Himalayan region along with Tibet That leads to establish strongly that the home of the Uddiyana Guru is nowhere else but in Odisha Focus has been laid to establish facts and all evidences showing that Uddiyana is but Odisha This may be considered as the exclusive and exhaustive compilation published for the first time in India

Cuevas,2005-12-08 In 1927 Oxford University Press published the first western language translation of a collection of Tibetan funerary texts the Great Liberation upon Hearing in the Bardo under the title The Tibetan Book of the Dead Since that time the work has established a powerful hold on the western popular imagination and is now considered a classic of spiritual literature Over the years The Tibetan Book of the Dead has inspired numerous commentaries an illustrated edition a play a video series and even an opera Translators scholars and popular devotees of the book have claimed to explain its esoteric ideas and reveal its hidden meaning Few however have uttered a word about its history Bryan J Cuevas seeks to fill this gap in our knowledge by offering the first comprehensive historical study of the Great Liberation upon Hearing in the Bardo and by grounding it firmly in the context of Tibetan history

and culture He begins by discussing the many ways the texts have been understood and misunderstood by westerners beginning with its first editor the Oxford educated anthropologist Walter Y Evans Wentz and continuing through the present day The remarkable fame of the book in the west Cuevas argues is strikingly disproportionate to how the original Tibetan texts were perceived in their own country Cuevas tells the story of how The Tibetan Book of the Dead was compiled in Tibet of the lives of those who preserved and transmitted it and explores the history of the rituals through which the life of the dead is imagined in Tibetan society This book provides not only a fascinating look at a popular and enduring spiritual work but also a much needed corrective to the proliferation of ahistorical scholarship surrounding The Tibetan Book of the Dead
