Bone Deep In Landscape Writing Reading And Place Literature Of The American West 5:

Bone Deep in Landscape Mary Clearman Blew, 2000-09-01 Blew's reflections on a woman's life in the Rocky Mountain West immerse readers in the landscape of mountains and prairies and of blizzards and scorching sun. Blew again demonstrates her artistry and strong connection to the Western terrain of her past and present homes in Montana and Idaho. Publishers Weekly 9 illustrations *Western American Literature*, 2000 [The Rockies in First Person](#) Ron McFarland, 2014-01-10 The autobiography has not always been acknowledged as true literature. Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection. This study focuses critical attention on ten memoirs from the northern U.S. Rockies including Utah, Colorado, Wyoming, Montana, and Idaho. By comparing memoirs representing states that share similar demographic, ecological, and socio-economic characteristics, this historic and literary analysis reveals both commonalities and divergences among American Western memoirs. Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians.

American Book Publishing Record, 2002 **The Story of Mary MacLane** Mary MacLane, 2023-08-03 The Story of Mary MacLane shocked the literary world when it was published in April 1902. It sold 100,000 copies in its first month, an astonishing number then and now. Within a few years it had been translated into 36 languages and writers such as Ernest Hemingway, Hart Crane, and Gertrude Stein lauded it as an important influence in their quests for a new American style. The author was a 19-year-old girl from the raw, masculine mining town of Butte, Montana. With the publication of this book, Mary MacLane became an overnight sensation. She was called the Wild Woman of Butte, a Bohemian, a radical, a feminist, a rebel. Although MacLane went on to write other books, none had the impact of this one, which remains a tour de force about life, love, and longing. Fresh, frank, and funny, The Story of Mary MacLane is as powerful today as it was provocative when first published. **Current Contents** Institute for Scientific Information (Philadelphia), 2000 **Book Review Digest**, 2001-11

[Believing In Place](#) Richard V. Francaviglia, 2016-02-01 The austere landscape of the Great Basin has inspired diverse responses from the people who have moved through or settled in it. Author Richard V. Francaviglia is interested in the connection between environment and spirituality in the Great Basin; for here, he says, faith and landscape conspire to resurrect old myths and create new ones. As a geographer, Francaviglia knows that place means more than physical space. Human perceptions and interpretations are what give place its meaning. In *Believing in Place*, he examines the varying human

perceptions of and relationships with the Great Basin landscape from the region's Native American groups to contemporary tourists and politicians to determine the spiritual issues that have shaped our connections with this place. In doing so, he considers the creation and flood myths of several cultures, the impact of the Judeo-Christian tradition and individualism, Native American animism and shamanist traditions, the Mormon landscape, the spiritual dimensions of gambling, the religious foundations of Cold War ideology, stories of UFOs and alien presence, and the convergence of science and spirituality.

Believing in Place is a profound and totally engaging reflection on the ways that human needs and spiritual traditions can shape our perceptions of the land. That the Great Basin has inspired such a complex variety of responses is partly due to its enigmatic vastness and isolation, partly to the remarkable range of peoples who have found themselves in the region. Using not only the materials of traditional geography but folklore, anthropology, Native American and Euro American religion, contemporary politics, and New Age philosophies, Francaviglia has produced a fascinating and timely investigation of the role of human conceptions of place in that space we call the Great Basin.

Feminist Periodicals, 2000 **The Publishers Weekly**, 2001 *A Bloody and Barbarous God* Petra Mundik, 2016-05-15

A Bloody and Barbarous God investigates the relationship between gnosticism, a system of thought that argues that the cosmos is evil and that the human spirit must strive for liberation from manifest existence, and the perennial philosophy, a study of the highest common factor in all esoteric religions, and how these traditions have influenced the later novels of Cormac McCarthy, namely *Blood Meridian*, *All the Pretty Horses*, *The Crossing*, *Cities of the Plain*, *No Country for Old Men*, and *The Road*. Mundik argues that McCarthy continually strives to evolve an explanatory theodicy throughout his work, and that his novels are to a lesser or greater extent concerned with the meaning of human existence in relation to the presence of evil and the nature of the divine.
