Bonhoeffer Stephen Plant, 2004-05-17 One of the best known Christians of the twentieth century Dietrich Bonhoeffer is admired as a theologian for his unparalleled independence of mind creativity and brilliance by liberals and conservatives alike His death at the hands of the Nazis is an extraordinary tale of courage and Christian discipleship However Bonhoeffer was also a serious theologian who while indebted to the liberal tradition of the University of Berlin was also influenced by the new thinking of Karl Barth that challenged the consensus Plant has written a critical exploration of Bonhoeffer's writings that illuminates his ethical theology showing that what linked all his work was the attempt to listen to God's word in to and for the secular world

Bonhoeffer Stephen Plant, 2010-07-15 One of the best known Christians of the twentieth century Dietrich Bonhoeffer is admired as a theologian for his unparalleled independence of mind creativity and brilliance by liberals and conservatives alike His death at the hands of the Nazis is an extraordinary tale of courage and Christian discipleship However Bonhoeffer was also a serious theologian who while indebted to the liberal tradition of the University of Berlin was also influenced by the new thinking of Karl Barth that challenged the consensus Plant has written a critical exploration of Bonhoeffer's writings that illuminates his ethical theology showing that what linked all his work was the attempt to listen to God's word in to and for the secular world

Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer's theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer's theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer's work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer's time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer's theology can make

The Bonhoeffer Legacy Stephen R. Haynes, Stephen Haynes whose volume The Bonhoeffer Phenomenon probed the many conflicting ways in which Bonhoeffer has been understood by Christians for their own uses now brings new clarity to the vexed and controversial question of Bonhoeffer's relationship to Jews and the Jewish people Haynes's text analyzes the historical record and Bonhoeffer's maturing theology and offers an analysis of Bonhoeffer himself his work and his legacy for a generation learning from the Holocaust

Human Subjectivity 'in Christ' in Dietrich Bonhoeffer's Theology Jacob Phillips, 2019-09-19 Jacob Phillips presents a critical study of a neglected aspect of Dietrich Bonhoeffer's theology his writing on human subjectivity self reflection and individual identity in Christ In response to the rise of chronic self representation through digital technology Phillips argues that Bonhoeffer presents a radical challenge maintaining that from the perspective of Christian theology there is something deeply negative about beholding representations of oneself Bonhoeffer instead holds that discipleship means adopting a posture of radical agnosticism toward one's own identity Phillips focuses on the interrelation of simplicity and reflection in theological cognition and ethical deliberation showing a wider significance in contemporary theological anthropology soteriology and ethics By following the tradition of reading Bonhoeffer in relation to the philosophical sources such as W stenberg Janz Whitson Floyd Marsh Zimmermann Gregor Phillips highlights the ways in which Bonhoeffer's work relates to modern debates in epistemology and ethics generally and that of Wilhelm Dilthey and hermeneutical phenomenology in particular This volume offers a detailed theological analysis of the themes of self identity human subjectivity and self understanding which are highly pertinent for contemporary society

Finding Jesus in the Storm John Swinton, 2020-09-30 Drawing from theological reflection on the lives of 30 Christians with severe mental health challenges depression bipolar disorder and schizophrenia leading disability theologian John Swinton contends that mental health problems require theological understanding and not just medical intervention In fact he argues it is not necessary to care effectively for Christians experiencing severe mental illness to grasp the theological dimensions of such experiences Therapy and pharmacology may be helpful but on their own they are deeply inadequate By listening carefully to the lived experiences of people with severe mental health problems Finding Jesus in the Storm will open up new understandings and perspectives that challenge current assumptions and draws out fresh perspectives for care healing recovery and community It is a book about people instead of symptoms description instead of diagnosis and lifegiving hope for everyone in the midst of the storm

Bonhoeffer Stephen Plant, 2005-02 Dietrich Bonhoeffer is one of the best known Christians of the twentieth

century His death at the hands of the Nazis is an extraordinary tale of courage and Christian discipleship But Bonhoeffer was also a serious theologian He wrote and thought with an unparalleled independence of mind creativity and brilliance He has been admired by sixties radicals liberation theologians liberals and conservatives a theologian for all seasons But it is as an ethicist that Bonhoeffer s virtuosity is most evident How Christians live their lives in the world is a constant theme of his work from his doctoral thesis on the Church to his prison letters about Jesus the man for others Bonhoeffer s constant theme is ethics Here Stephen Plant writes for an audience previously unfamiliar with Bonhoeffer s work He assesses Bonhoeffer against the harsh challenge of contemporary life Does his theology make sense What difference does his theology make to me Is his ethic one which I can live by Additionally Plant interprets the whole of Bonhoeffer s key works as exercises in theological ethics Themes addressed include Bonhoeffer and community the role of the Bible in ethics the place of Jesus in a secular world and how Christian discipleship shapes daily living The common link between these disparate themes is ethics the attempt to listen to God s word in to and for a secular world

Creation and Salvation: A companion on recent theological movements E. M. Conradie, 2012 Christians trying to save the planet have to relate creation with salvation This volume explores the ways in which this task is approached by a wide range of recent theological movements **Bonhoeffer, Christ and Culture** Keith L. Johnson, Timothy Larsen, 2013-03-08 The 2012 Wheaton Theology Conference was convened around the formidable legacy of Lutheran pastor theologian and anti Nazi resistant Dietrich Bonhoeffer This collection focusing on the man s views of Christ the church and culture contributes to a recent awakening of interest in Bonhoeffer among evangelicals Theology Against Religion Tom Greggs, 2011-12-29 A constructive approach from a theological perspective about the category of religion in Dietrich Bonhoeffer and Karl Barth A Brief History of Theology Derek Johnston, 2008-01-01 The ideal first book for students new to the subject of theology This is a fun concise and attractive book that will be a key reference tool Christianity: The Basics Bruce Chilton, 2014-07-11 Christianity The Basics is a compelling introduction to both the central pillars of the Christian faith and the rich and varied history of this most global of global religions This book traces the development of Christianity through an exploration of some of the key beliefs practices and emotions which have been recurrent symbols through the centuries Christ the kingdom of heaven and sin Baptism Eucharist and prayer Joy divine union and self denial Encompassing the major epochs of Christian history and examining the unity and divisions created by these symbols Christianity The Basics is both a concise and comprehensive introduction to the Christian tradition Pacifism, Just War, and Tyrannicide David M. Gides, 2012-03-02 Dietrich Bonhoeffer s perplexing and controversial shift from admitted pacifism to tyrannicide has been the source of scholarly and popular inspiration and criticism How could an admitted Christian pacifist be involved in a plot to assassinate a political figure Is there a way to understand and explain this phenomenon comprehensive enough to encompass all relevant data One that takes into account the nuances of Bonhoeffer s theology and all of the elements of his complex historical and personal contexts This study

attempts to offer an explanation by linking Bonhoeffer's political thinking and action with his understanding of the church world relationship and by evaluating the changes in that thought action dyad as his life progressed. What emerges is a portrait of a bold and visionary thinker and political agent whose church world theology while discontinuous is consistent enough to be authentic and yet flexible enough to meet the extraordinary challenges presented by Nazism and its intrusion into the churches. Gides suggests that it is actually Bonhoeffer's malleable church world thinking that ultimately distinguishes him from his theological and ecclesial contemporaries and even from the mass of German church persons and citizenry it allowed him to confront evil by reaching beyond the constraints of traditional Lutheran thinking.

Christology Ralf K. Wüstenberg, 2014-09-30 *Christology: How Do We Talk about Jesus Christ Today* explores key questions that concern those who struggle to reconcile today's world with the faith and witness of centuries of Christianity. How do we talk about Jesus in a world that demands inclusivity and shies away from ideologies and doctrines of any kind? What does it mean to talk about Jesus in theological terms? Driving this book is the nature and core of the Christian witness which acts like a GPS guiding the reader through the terrain of a modern theological discussion of Christ.

Dietrich Bonhoeffer and Neo-Calvinism in Dialogue George Harinck, Brant M. Himes, 2023-11-28 This book is a collection of scholarly essays that place Dietrich Bonhoeffer in conversation with the Dutch Neo-Calvinist tradition of Abraham Kuyper and Herman Bavinck. The essays engage in theological ethics and historical theology in an effort to frame ongoing dialogue in relation to issues of public theology. While Bonhoeffer and Neo-Calvinism represent distinct theological traditions, there is value in placing their respective ideas in conversation for the purposes of creative insight, theological understanding, and practical application. Contributors represent perspectives from North America and the Netherlands. Taken together, the essays offer an important contribution to this unique field of theological inquiry.
