Book Of Judges

Bible. O.T., George Albert Cooke

Book Of Judges:

The Book of the Judges Barry G. Webb, 2008-06-18 This book is the first full length literary study of the book of Judges in its finished form as a narrative work with its own distinctive structure and themes Two basic questions control the analysis throughout How is the text structured What does it mean as a complex whole The narrative world of the text is explored through analysis of plot structure formal structure character presentation tone point of view and so on Webb s principal findings are 1 that the basic issue addressed by the book is the continued presence of Canaanites in the land despite the oath sworn to the fathers and 2 that the story of Samson whose career recapitulates that of Israel in the Judges period is the thematic climax of the book The so called deuteronomistic material is found to be closely integrated both structurally and thematically into the rest of the book This book researched in Sheffield is an outstanding example of the new literary criticism of the Bible the book of judges ,1918 **The Book of Judges** Henry Craven Ord Lanchester,1930

Conversations with Scripture Roy Heller, 2011-09-01 The Book of Judges appropriate for Sunday School curriculum or an irredeemably violent book Throughout its history Judges has both entertained and appalled readers some read it as a series of simple stories about faithfulness and some as a brutal and bloodthirsty book Heller explores how Judges can shape our understanding of our world our relationships and can provide a path to a deeper appreciation of the ways of God among people Far from seeing the book as either simplistic or cruel Heller allows this odd text to speak to us anew about God sin relationships and justice *Compositional Strategy of the Book of Judges* Gregory Wong, 2006-10-01 This volume represents an inductive literary rhetorical analysis of the book of Judges to determine whether recent synchronic approaches that read the book as an integrated whole are indeed justified As possible rhetorical links connecting Judges prologue 1 1 2 5 epilogue 17 1 21 25 and central section 2 6 16 31 are examined in detail and the implications of such links carefully considered the author concludes that contrary to the consensus view that sees the central section of Judges as a part of Deuteronomistic History and the prologue and epilogue as later additions the book in its current form may have been a unified composition of a single creative author If so not only does this have significant implications for the validity of the Deuteronomistic History Hypothesis a new possibility also emerges which sees the interpretive key to the book as residing in the prologue and epilogue rather than the central section *The Book of the Judges* Yaira Amit, 1999 Using an original approach informed by literary theory Amit delivers a fascinating view of the book of Judges as a whole by concentrating on its editorial methods and artistry *The Book of Judges* George Cunningham Monteath Douglas, 2024-04-19 Reprint of the original first published in 1881 *The Book of Judges* James D. Martin, 1975-10-16 The Book of Judges forms part of that section of the Old Testament known as the Historical Books These books are theological interpretations of history the word of God revealed in the events of Israel s past The Book of Judges describes the continuing attempts of the Israelites to settle in central Palestine in the period between 1250 and 1000 BC and consists of a series of stories about individual judges who in the earlier period of

settlement as military leaders saved the people in attacks by hostile neighbours and in the later period of settlement became judicial figures of considerable importance In his introductory section Dr Martin tries to discern the objective truths behind the theological interpretations of historical events he also discusses the original form of the book its chronology multiple authorship sources and the nature and role of the judges In the established style of the series the N E B translation of the text then follows divided into brief sections and alternating with passages of commentary The results of recent Old Testament scholarship and modern theological thought are conveyed in simple language to the student and layman

The Book of Judges George Foot Moore,1898 **The Book of Judges (Classic Reprint)** Henry Craven Ord Lanchester,2018-02-23
