Bahm,1993 What did the Buddha actually teach For those seeking an answer to this question and to understand Buddhism as an important part of the world s religious and cultural heritage Philosophy of the Buddha is an excellent introduction and guide The author s purpose is to state the philosophy of Gotama the man himself by a careful study of the original records He cuts through layers of devout and theological speculation much as higher biblical criticism has done in Christianity and presents clearly and concisely the real humanly significant roots and permanent values of many aspects of Buddhist thought **Once Upon a Future Time** Jan Nattier,1991 An in depth study of Buddhist theories of the decline and disappearance of their own religion Nattier s work challenges previous assumptions on this topic and focuses on the critical study of the Kausambi Story a Buddhist prophecy of decline in its Tibetan Central Asian and Chinese variants
