Book Of Revelation Unlocking The Future:

A Testimony of Jesus Christ - Volume 1 Anthony Charles Garland, 2007 A Commentary on the Book of Revelation
Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides

The Seven Seals of the Apocalypse, 2009-04-01 Filling today's religious book market are Apocalypse commentaries teaching that the seven seals of Revelation 5:8 describe tragedies that are to take place in the last days Medieval Europeans on the other hand thought very differently about the seven seals Some used the seven seals for catechetical purposes and associated them with seven major events in the life of Christ or seven gifts of the Holy Spirit Other medieval writers taught that the seven seals contained symbols about life in the church between the first and second comings of Christ Still others viewed the seals as milestones in the grand outline of salvation history This book illustrates this vastness of medieval interpretive tradition on the seven seals It includes fifteen texts from the sixth through the fifteenth centuries which have been organized under three headings those illustrating christological interpretations of the seven seals those proposing ecclesiastical interpretations and those giving historical interpretations
