Book Of The Growth Of The Bible:

The Super Summary of World History Revised Alan Dale Daniel BA MBA JD, 2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn't just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence Wrath and Glory, 3rd Edition David Reagan, 2021-05-14

Many Christians are very intimidated by the book of Revelation They are convinced that it contains nothing but bad news They are even further daunted by the great variety of bizarre interpretations of the book In this book Dr David Reagan explains that Revelation contains only good news for those who have received Jesus as their Lord and Savior Dr Reagan proves that any Christian can understand the book of Revelation if they are willing to accept its plain sense meaning As the Lord begins to open your understanding you will be thrilled by the promises of God that it contains for believers You will find yourself earnestly yearning for the Lord's soon return as never before This book is written for all denominations and ages It dispels the myths about Revelation showing that the messages of Revelation are desperately needed by the 21st Century Church which is apostasized from within and persecuted from without
