Award John Whitmer Historical Association Under the subject of alternative lifestyles the issue of polygamous relationships
falls squarely in the middle of the debate Polygamous marriages are a common practice in many other countries but the
United States has vehemently opposed such unions and will no doubt find itself disputing its position on them again in the
near future As with the same sex marriage issue a firestorm of controversy surrounds the question since the right to
participate in a polygamous union is very much tied to the right to live out one s preferences religious or not Detailed
accounts of sexual abuse and child brides are frequently leaked from the various polygamous societies notwithstanding their
extreme efforts to remain under the radar of law enforcement and the press A by product of these mysterious societies is that
public interest is vitalized by their continuous efforts to gain independence from traditionalist culture This fascinating study
seeks to trace the historical tapestry that is early Mormon polygamy details the official discontinuation of the practice by the
Church and for the first time describes the many zeal driven organizations that arose in the wake of that decision Among the
polygamous groups discussed are the LeBaronites whose blood atonement killings sent fear throughout Mormon
communities in the late seventies and the eighties the FLDS Church which made news recently over its construction of a
compound and temple in Texas and Warren Jeffs arrest and conviction and the Allred and Kingston groups two major factions
with substantial membership statistics both in and out of the United States All these fascinating histories along with those of
the smaller independent groups are examined and explained in a way that all can appreciate *On Cassette* ,1990 *A
Burnt Child* Jason Draper,2021-11-10 Conspiring men have do and will continue to take advantage of each other because of
our humanity and history shows the worst offenders are not those who claim to do us any harm but those who claim they are
trying to do us good The solution is not to cancel our goodness The cure is not to have less of any of these good things The
cure is to balance it with more knowledge and more truth Whatever truth is given by our churches governments and the
media can be measured by passing it through the fire If it survives we can accept it If it doesn t we can choose not to be
burned again It doesn t deserve our humanity and can and ought to perish The Software Encyclopedia ,1986
