Book Of Revelation Export:

Exporting the American Gospel Steve Brouwer, Paul Gifford, Susan D. Rose, 2013-12-16 As the pressures of globalization are crushing local traditions millions of uprooted people are buying into a new American salvation product This fundamentalist Christianity a fusion of American popular religion and politics is one of the most significant cultural influences exported from the United States With illuminating case studies based on extensive field research *Exporting the American Gospel* demonstrates how Christian fundamentalism has taken hold in many nations in Africa Latin America and Asia

Exporting the Rapture Donald H. Akenson, 2018-08-14 Apocalyptic millennialism is one of the most powerful strands in evangelical Christianity It is not a single belief but across many powerful evangelical groups there is general adhesion to faith in the physical return of Jesus in the Second Coming the affirmation of a Rapture heavenward of saved believers a millennium of peace under the rule of Jesus and his saints and eventually a final judgement and entry into deep eternity In *Discovering the End of Time* 2016 Donald Harman Akenson traced the emergence of the primary packaging of modern apocalyptic millennialism back to southern Ireland in the 1820s and 30s In *Exporting the Rapture* he documents for the first time how the complex theological construction that has come to dominate modern evangelical thought was enshrined in an organizational system that made it exportable from the British Isles to North America and subsequently around the world A key figure in this process was John Nelson Darby who was at first a formative influence on evangelical apocalypticism in Ireland then the volatile central figure in Brethren apocalypticism throughout the British Isles and also a crusty but ultimately very successful missionary to the United States and Canada Akenson emphasizes that as strong a personality as John Nelson Darby was the real story is that he became a vector for the transmission of a terrifically complex and highly seductive ideological system from the old world to the new So beguiling adaptable and compelling was the new Dispensational system that Darby injected into North American evangelicalism that it continued to spread logarithmically after his death By the 1920s the system had become the doctrinal template of the fundamentalist branch of North American evangelicalism and the distinguishing characteristic of the bestselling Scofield Bible

Foreign Trade and Commerce in Ancient India Prakash Charan Prasad, 1977 Chambers's Encyclopædia, 1871 **Chambers's Encyclopaedia** Robert Chambers, 1879 Books, Scribes and Learning in the Frankish Kingdoms, 6th-9th centuries Rosamond McKittrick, 2024-10-28 The focus of this volume is the book production of the Frankish regions of Western Europe in the early Middle Ages By means of a detailed scrutiny of individual manuscripts groups of manuscripts and categories of texts Dr McKittrick shows how they can be used to throw light on questions such as women and literacy the knowledge of canon and secular law and the English contribution to the religious culture of the Continent Some of the studies are more concerned with palaeography and the achievements of particular scriptoria studies others look primarily at the fact of production the dissemination of the texts and their implications for intellectual and cultural history Au centre de ce volume se trouve la

production du livre dans les régions franques d'Europe occidentale au début du Moyen Âge. Au travers d'un examen approfondi de manuscrits individuels, de groupes de manuscrits et de catégories de textes, le docteur McKitterick démontre l'utilisation qui peut en être faite afin de clarifier un certain nombre de questions, dont les femmes et l'alphabetisation, la connaissance du droit canon et scolaire ainsi que la contribution anglaise à la culture religieuse du continent. Certaines études s'attachent plus spécifiquement à la paléographie et aux résultats de certains scriptoria, d'autres examinent avant tout le fait même de la production, la dissémination des textes et leurs implications quant à l'histoire intellectuelle et culturelle.

Freeman, 1984 *The Keys to the Kingdom* Andi Sulistiadi, 2025-07-21 This is not merely another theological discourse nor a rehashing of ancient dogmas. This is an audacious journey into the heart of the divine mystery, an unsealing of truths hidden in plain sight within the parables, the summons to repentance, and the elusive Keys of the Kingdom found in the Gospel. We will cast aside the encrustations of centuries of interpretation, the limitations of singular perspectives, and the divisions born of human understanding. Our quest is rooted deeply in the spirit of the ancient Heritage Kingdom of Nusantara, a land where profound spiritual quests have always intertwined with daily life, and where the search for divine wisdom has shaped civilizations. *Martin Luther's Bible* W. Gordon Campbell, 2024-02-29 Martin Luther's 1522 September Testament marked a watershed in Bible translation, making Scripture available to ordinary German people in their own tongue and sparking similar efforts across Europe. Building on the nascent trend of vernacular Bible translations in the early sixteenth century, Luther's translation quickly became definitive linguistically, theologically, and culturally, especially once the complete Bible was published in 1534 with production of New Testaments and Bibles in French, English, and other languages, keeping pace with Luther and his associates constantly revised and improved their methodology for translation and interpretation over a quarter century of Bible publishing efforts that helped shape Bible translation, reading, and exegesis for scholars and ordinary Christians alike well beyond his lifetime. Martin Luther's Bible commemorates the September Testament, exploring the Wittenberg Bible project in its context and tracing aspects of its legacy in Europe and the wider world from the sixteenth century to the present day. Essays from a range of leading experts draw upon the 2022 Martin Luther Bible Translator, Illustrator, and Publisher International Conference held at Union Theological College, Belfast. Together, they provide critical new insights into the linguistic, hermeneutical, and theological history and influence of this landmark text. Chambers's Encyclopaedia. Encyclopaedias,1866 *System* ,1922 **Staging Contemplation** Eleanor Johnson,2018-08-17 What does it mean to contemplate In the Middle Ages more than merely thinking with intensity it was a religious practice entailing utter receptiveness to the divine presence Contemplation is widely considered by scholars today to have been the highest form of devotional prayer a rarified means of experiencing God practiced only by the most devout of monks nuns and mystics Yet in this groundbreaking new book Eleanor Johnson argues instead for the pervasiveness and accessibility of contemplative works to medieval audiences By drawing together ostensibly diverse literary genres devotional prose allegorical poetry cycle dramas and morality plays *Staging Contemplation* paints late Middle English contemplative writing as a broad genre that operated collectively and experientially as much as through radical individual disengagement from the world Johnson further argues that the contemplative genre played a crucial role in the exploration of the English vernacular as a literary and theological language in the fifteenth century tracing how these works engaged modes of disfluency from strained syntax and aberrant grammar to puns slang code switching and laughter to explore the limits norms and potential of English as a devotional language Full of virtuoso close readings this book demonstrates a sustained interest in how poetic language can foster a participatory experience of likeness to God among lay and devotional audiences alike *Chambers's New Handy Volume American Encyclopaedia* ,1883
