Absorbing Perfections Kabbalah And Interpretation:

Absorbing Perfections Moshe Idel, 2008-10-01 In this wide ranging discussion of Kabbalah from the mystical trends of medieval Judaism to modern Hasidism one of the world's foremost scholars considers different visions of the nature of the sacred text and of the methods to interpret it Moshe Idel takes as a starting point the fact that the postbiblical Jewish world lost its geographical center with the destruction of the temple and so was left with a textual center the Holy Book Idel argues that a text oriented religion produced language centered forms of mysticism Against this background the author demonstrates how various Jewish mystics amplified the content of the Scriptures so as to include everything the world or God for example Thus the text becomes a major realm for contemplation and the interpretation of the text frequently becomes an encounter with the deepest realms of reality Idel delineates the particular hermeneutics belonging to Jewish mysticism investigates the progressive filling of the text with secrets and hidden levels of meaning and considers in detail the various interpretive strategies needed to decodify the arcane dimensions of the text

Suffering Time: Philosophical, Kabbalistic, and Hasidic Reflections on Temporality Elliot R. Wolfson, 2021-05-25 No one theory of time is pursued in these essays but a major theme that threads them together is Wolfson's signature idea of the timeswerve as a linear circularity or a circular linearity expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle The conception of time elicited by Wolfson from a host of philosophical and mystical sources both Jewish and non Jewish buttresses the contention that it is precisely structural invariability that engenders interpretive variation This hermeneutical axiom is justified in turn by the presumption regarding the cadence of time as the constant return of what has always been what is yet to be The telling of time wells forth from the time of telling One cannot speak of the being of time consequently except from the standpoint of the time of being nor of the time of being except from the standpoint of the being of time

Moshe Idel: Representing God Hava Tirosh-Samuelson, Aaron W. Hughes, 2015-01-08 Moshe Idel the Max Cooper Professor Emeritus at the Hebrew University of Jerusalem and Senior Researcher at the Shalom Hartman Institute is a world renowned scholar of the Jewish mystical tradition His historical and phenomenological studies of rabbinic philosophic kabbalistic and Hasidic texts have transformed modern understanding of Jewish intellectual history and highlighted the close relationship between magic mysticism and liturgy A recipient of two of the most prestigious awards in Israel the Israel Prize for Jewish Thought 1999 and the Emmet Prize for Jewish Thought 2002 Idel's numerous studies have uncovered persistent patterns of Jewish religious thought that challenge conventional interpretations of Jewish monotheism while offering a pluralistic understanding of Judaism His explorations of the mythical theurgical mystical and messianic dimensions of Judaism have been attentive to history sociology and anthropology while rejecting a naive historicist approach to Judaism

Esotericism and Deviance , 2024-02-06 The concept of deviance has been central to the academic study of Western esotericism since its inception This book being the proceedings of the 6th Biennial Conference of the European

Society for the Study of Western Esotericism ESSWE explores the relationship between esotericism and various forms of deviance as concept category and practice from antiquity until late modernity The volume is the first to combine incisive conceptual explorations of the concept of deviance and how it informs and challenges the study of esotericism alongside a wide range of empirically grounded case discussions **The Scandal of a Divine Messiah** Brian J. Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s *Guide to the Perplexed* the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity

The Cambridge Companion to Jewish Theology Steven Kepnes,2020-12-17 A comprehensive review of the entire tradition of Jewish Theology from the Bible to the present from leading world scholars *Midrash Unbound* Michael Fishbane,Joanna Weinberg,2016-06-14 An impressive array of the leading names in the field have together produced a volume that seeks to open a new period in the study of Midrash and its creative role in the formation of culture With a comprehensive introduction that situates Midrash in its historical and rhetorical setting and provides the context for a detailed consideration of different genres and applications it should interest all scholars of Jewish studies as well as a wider readership interested in how a classical genre can inspire new creativity **The German-Jewish Experience Revisited** Steven E. Aschheim,Vivian Liska,2015-09-14 In the past decades the German Jewish phenomenon Derrida has increasingly attracted the attention of scholars from various fields Jewish studies intellectual history philosophy literary and cultural studies critical theory In all its complex dimensions the post enlightenment German Jewish experience is overwhelmingly regarded as the most quintessential and charged meeting of Jews with the project of modernity Perhaps for this reason from the eighteenth century through to our own time it has been the object of intense reflection of clashing interpretations and appropriations In both micro and macro case studies this volume engages the multiple perspectives as advocated by manifold interested actors and analyzes their uses biases and ideological functions over time in different cultural disciplinary and national contexts This volume includes both historical treatments of differing German Jewish understandings of their experience their relations to their Judaism general culture and to other Jews and contemporary reflections and competing interpretations as to how to understand the overall experience of German Jewry **Seekers of the Face** Melila

Hellner-Eshed,2021-09-14 A magisterial modern reading of the deepest mysteries in the Kabbalistic tradition Seekers of the Face opens the profound treasure house at the heart of Judaism's most important mystical work the Idra Rabba Great Gathering of the Zohar This is the story of the Great Assembly of mystics called to order by the master teacher and hero of the Zohar Rabbi Shim'on bar Yochai to align the divine faces and to heal Jewish religion The Idra Rabba demands a radical expansion of the religious worldview as it reveals God's faces and bodies in daring anthropomorphic language For the first time Melila Hellner Eshed makes this challenging esoteric masterpiece meaningful for everyday readers Hellner Eshed expertly unpacks the Idra Rabba's rich grounding in tradition its probing of hidden layers of consciousness and the psyche and its striking sacred images of the divine face Leading readers of the Zohar on a transformative adventure in mystical experience Seekers of the Face allows us to hear anew the Idra Rabba's bold call to heal and align the living faces of God

Rabbi Joseph Gikatilla's Hermeneutics Elke Morlok,2011 A revision of the author's thesis doctoral Hebrew UniversityJerusalem 2008 Confronting Kabbalah: Studies in the Christian Hebraist Library of Johann Albrecht Widmanstetter Maximilian de Molière,2024-01-08 Johann Albrecht Widmanstetter 1506-1557 humanist and privy councillor to popes and kings has remained an enigmatic figure among Christian Hebraists whose views were little understood This study leverages Widmanstetter's remarkable collection consisting of hundreds of Jewish manuscripts and printed books most of which survive to this day Explore in the first half the story of Jewish book production and collecting in sixteenth century Europe through Widmanstetter's book acquisitions librarianship and correspondence Delve into his unique perspective on Jewish literature and Kabbalah as the latter half of the study contextualizes the marginal notes in his library with his published works Mysticism and Meaning: Multidisciplinary Perspectives Alex S. Kohav,2019 The volume investigates the question of meaning of mystical phenomena and conversely queries the concept of meaning itself via insights afforded by mystical experiences The collection brings together researchers from such disparate fields as philosophy psychology history of religion cognitive poetics and semiotics in an effort to ascertain the question of mysticism's meaning through pertinent up to date multidisciplinary The discussion commences with Editor's Introduction that probes persistent questions of complexity as well as perplexity of mysticism and the reasons why problematizing mysticism leads to even greater enigmas One thread within the volume provides the contextual framework for continuing fascination of mysticism that includes a consideration of several historical traditions as well as personal accounts of mystical experiences Two contributions showcase ancient Egyptian and ancient Israelite involvements with mystical alterations of consciousness and Christianity's origins being steeped in mystical praxis and four essays highlight mysticism's formative presence in Chinese traditions and Tibetan Buddhism as well as medieval Judaism and Kabbalah mysticism A second more overarching strand within the volume is concerned with multidisciplinary investigations of the phenomenon of mysticism including philosophical psychological cognitive and semiotic analyses To this effect the volume explores the question of philosophy's relation to mysticism and vice

versa together with a Wittgensteinian nexus between mysticism facticity and truth language mysticism and supernormal meaning engendered by certain mystical states cognitive poetic analysis of mystical poetry and a semiotic scrutiny of some mystical experiences and their ineffability Finally the volume includes an assessment of the so called New Age authors contention of the convergence of scientific and mystical claims about reality The above two tracks are appended with personal contemporary accounts of mystical experiences in the Prologue and a futuristic envisioning as a fictitious chronicle from the time to come of life without things mystical in the Postscript The volume contains fourteen chapters its international contributors are based in Canada Israel United Kingdom and the United States **Entangled Histories** Elisheva

Baumgarten,Ruth Mazo Karras,Katelyn Mesler,2017-01-13 Entangled Histories Knowledge Authority and Jewish Culture in the Thirteenth Century provides a multifaceted account of Jewish life in Europe and the Mediterranean basin at a time when economic cultural and intellectual encounters coincided with heightened interfaith animosity **Science in Medieval**

Jewish Cultures Gad Freudenthal,2011 Science in Medieval Jewish Cultures provides the first comprehensive overview by world renowned experts of what we know today of medieval Jews engagement with the sciences Many medieval Jews whether living in Islamic or Christian civilizations joined Maimonides in accepting the rationalist philosophical scientific tradition and appropriated extensive bodies of scientific knowledge in various disciplines astronomy astrology mathematics logic physics meteorology biology psychology science of language and medicine The appropriated texts in the original or in Hebrew translation were the starting points for Jews own contributions to medieval science and also informed other literary genres religious philosophical works biblical commentaries and even Halakhic legal discussions This volume s essays will provide readers with background knowledge of medieval scientific thought necessary to properly understand canonical Jewish scientific texts Its breadth reflects the number and diversity of Jewish cultures in the Middle Ages and the necessity of considering the fortunes of science in each within its specific context [“And They Shall Be One Flesh”: On The Language of Mystical Union in Judaism](#) Adam Afterman,2016-08-29 In And They Shall Be One Flesh On the Language of Mystical Union in Judaism Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the hen sis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself [A World of Piety](#) Jeremy Phillip

Brown,2025-10-07 A World of Piety examines the historical aspirations of kabbalah to prompt a revival of ancient rabbinic piety in medieval Castile What were the aims of the celebrated works of rabbinic wisdom fashioned during the reigns of Alfonso X and Sancho IV of Castile including the formative Book of the Zohar In pursuit of this question Judaica scholar

Jeremy Phillip Brown turns to the Hebrew and Aramaic writings composed by Todros ben Joseph ha Levi Abulafia of Toledo Joseph Gikatilla of Medinaceli and especially Moses de Leon of Guadalajara These writings set out to disseminate the secret patrimony of ancients a knowledge of divinity comprised of essentially Jewish attributes as a basis for human emulation According to these texts God models a pious form of life not merely a life of Torah and the commandments but a program exceeding the norms of religious obligation Midnight vigils for prayer and study guarding the eyes and tongue sexual austerity spiritual poverty and concern for the materially poor the texts affirm that God exemplifies these and other modes of piety prompting their imitation as a penitential means of individual and even social transformation By means of their writings the Castilian authors sought to form penitents as other people created anew in the Judeomorphic image of God A World of Piety sheds light on the core motivations of a discourse that would emerge as a major domain of religion and thought by reconstructing the socio historical ambitions of a little known cadre of medieval rabbis active in a Christian milieu

The Life of the Soul Andrea Gondos, Leore Sachs-Shmueli, 2024-12-01 The Life of the Soul surveys the wide ranging theories Jewish mystics have offered to the vexing question what precisely transpires after we die A common element in their theories is that human life is a part of a larger ecosystem of being which also includes plants animals and inanimate things like rocks They further maintained that the soul does not perish with the demise of the body but is rather renewed and recycled into new forms of embodied existence in the lower world Each essay highlights how reincarnation also known as metempsychosis or the transmigration of souls is not a marginalized concept but is instead central to understanding a variety of perplexing issues in Judaism including catastrophic events in Jewish history theodicy the rationale for biblical commandments the complex identity of biblical figures and the issues of sin punishment and redemption Just as the concept of reincarnation is inherently about boundary crossing its investigation similarly bridges diverse epistemic fields and disciplines religion philosophy psychology history ritual gender and cultural studies Weaving together kabbalistic speculations and Jewish philosophical ideas drawn from distinct geographical regions and historical periods this book is poised to serve as a point of departure for future comparative investigations on the life of the soul in Judaism and Eastern religious traditions

Religion Or Halakha Dov Shyarts, 2007 This book focuses on the first stages of Soloveitchik's philosophy through a systematic and detailed discussion of his essay Halakhic Man Schwartz successfully exposes hidden layers in Halakhic Man which may not be immediately evident

The Rule of Peshat Mordechai Z. Cohen, 2020-05-29 An exploration of the theoretical underpinnings of the philological method of Jewish Bible interpretation known as peshat Within the rich tradition of Jewish biblical interpretation few concepts are as vital as peshat often rendered as the plain sense of Scripture Generally contrasted with midrash the creative and at times fanciful mode of reading put forth by the rabbis of Late Antiquity peshat came to connote the systematic philological contextual and historically sensitive analysis of the Hebrew Bible coupled with an appreciation of the text's literary quality In The Rule of Peshat Mordechai Z Cohen explores the historical geographical and

theoretical underpinnings of peshat as it emerged between 900 and 1270 Adopting a comparative approach that explores Jewish interactions with Muslim and Christian learning Cohen sheds new light on the key turns in the vibrant medieval tradition of Jewish Bible interpretation Beginning in the tenth century Jews in the Middle East drew upon Arabic linguistics and Qur'anic study to open new avenues of philological literary exegesis This Judeo Arabic school later moved westward flourishing in al Andalus in the eleventh century At the same time a revolutionary peshat school was pioneered in northern France by the Ashkenazic scholar Rashi and his circle of students whose methods are illuminated by contemporaneous trends in Latinate learning in the Cathedral Schools of France Cohen goes on to explore the heretofore little known Byzantine Jewish exegetical tradition basing his examination on recently discovered eleventh century commentaries and their offshoots in southern Italy in the twelfth century Lastly this study focuses on three pivotal figures who represent the culmination of the medieval Jewish exegetical tradition Abraham Ibn Ezra Moses Maimonides and Moses Nahmanides Cohen weaves together disparate Jewish disciplines and external cultural influences through chapters that trace the increasing force acquired by the peshat model until it could be characterized finally as the rule of peshat the central defining feature of Jewish hermeneutics into the modern period

As Light Before Dawn Eitan P. Fishbane, 2009-06-29 *As Light Before Dawn* explores the mystical thought of Isaac ben Samuel of Akko a major medieval kabbalist whose work has until now received relatively little attention Through consideration of an extensive literary corpus including much that still remains in manuscript this study examines an array of themes and questions that have great applicability to the comparative study of mysticism and the broader study of religion These include prayer and the nature of mystical experience meditative concentration directed to God and the power of mental intention authority creativity and the transmission of wisdom
