Acadiana Pro Cajun Cooking:

Acadiana Table George Graham, 2016-10-15 Stuffed with 125 Creole and Cajun inspired dishes Acadiana Table gets to the roots of everything you need for Louisiana cooking and regional cuisine **Cajun Foodways** C. Paige Gutierrez, 2009-12-01 Cajun food has become a popular ethnic food throughout America during the last decade This fascinating book explores the significance of Cajun cookery on its home turf in south Louisiana a region marked by startling juxtapositions of the new and the old the nationally standard and the locally unique Neither a cookbook nor a restaurant guide Cajun Foodways gives interpretation to the meaning of traditional Cajun food from the perspective of folklife studies and cultural anthropology The author takes into account the modern regional popular culture in examining traditional foodways of the Cajuns Cajuns attention to their own traditional foodways is more than merely nostalgia or a clever marketing ploy to lure tourists and sell local products The symbolic power of Cajun food is deeply rooted in Cajuns ethnic identity especially their attachments to their natural environment and their love of being with people Foodways are an effective symbol for what it means to be a Cajun today The reader interested in food and in cooking will find much appeal in this book for it illustrates a new way to think about how and why people eat as they do **Cooking from the Garden**
