El Narco Ioan Grillo, 2012-01-16 War is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades As rival cartels battle for control of a billion dollar drug trade the body count 23 000 dead in five years and sheer horror beggar the imagination of journalistic witnesses Cartel gunmen have attacked schools and rehabilitation centers and murdered the entire families of those who defy them Reformers and law enforcement officials have been gunned down within hours of taking office Headless corpses are dumped on streets to intimidate rivals and severed heads are rolled onto dancefloors as messages to would be opponents And the war is creeping northward towards the United States El Narco is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone It is a piercing portrait of a drug trade that turns ordinary men into mass murderers as well as a diagnosis of what drives the cartels and what gives them such power Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires The narco cartels are a threat to the Mexican government and their violence has now reached as far as North Carolina El Narco is required reading for anyone concerned about one of the most important news stories of the decade
