[Patterned Aimlessness](#) Barbara Stevens Heusel,1995 The novels of Iris Murdoch are lively journeys across landscapes teeming with ideas Such texts as An Accidental Man The Philosopher s Pupil The Black Prince and The Sea The Sea blend art and philosophy in tales that have intrigued and puzzled readers like few other contemporary novels In Patterned Aimlessness Barbara Stevens Heusel brings an order and a clarity to the mystery of Murdoch s narrative form She shows how this writer of many genres came to integrate philosophy morality psychology language and aesthetics in order to call into question the conventions of the English novel Following Wittgenstein s lead Murdoch makes palpable the complexities of human experience the accidental idiosyncratic happenings of life Her fiction and her individual voice Heusel says reflect the chaos of existence with all of its contradictions its paradoxes its jarring rhythms Heusel turns to literary theory to point out Murdoch s compatibility with Mikhail Bakhtin s views on the narrative voice in the novel For both morality is an utmost concern and language is inherently a social historical and ideological creation words resonate with centuries of meanings and uses Answering some common criticisms of Murdoch s novels Heusel also points out that Murdoch s presentation of female characters critiques societal expectations of women The study culminates with thoughtful analyses of

Selfless Love and Human Flourishing in Paul Tillich and Iris Murdoch Julia Theresa Meszaros, 2016 In an age of self affirmation and self assertion selfless love can appear as a threat to the lover's personal well being This perception jars with the Biblical promise that we gain our life through losing it and therefore calls for a theological response In conversation with the Protestant theologian Paul Tillich and the atheistic moral philosopher and novelist Iris Murdoch *Selfless Love and Human Flourishing in Paul Tillich and Iris Murdoch* enquires into the anthropological grounds on which selfless love can be said to build up rather than undermine the lover's self It proposes that while the implausibility of selfless love was furthered by the modern deconstruction of the self both Tillich and Murdoch utilize this very deconstruction towards explicating and restoring the link between selfless love and human flourishing Julia T Meszaros shows that they use the modern diagnosis of the human being's lack of a stable and independent self as manifest in Sartre's existentialism in support of an understanding of the self as relational and fallen This leads them to view a loving orientation away from self and a surrender to the other as critical to the full flourishing of human selfhood In arguing that Tillich and Murdoch defend the link between selfless love and human flourishing through reference to the human being's ontological selflessness Meszaros closely engages Søren Kierkegaard's earlier attempt to keep selfless love and human flourishing in a productive dialectical tension She also examines the breakdown of this tension in the later figures of Anders Nygren Simone Weil and Jean Paul Sartre and addresses the pitfalls of this breakdown Her examination concludes by arguing that the link between selfless love and human flourishing would be strengthened by a more resolute endorsement of a personal God and of the reciprocal nature of selfless love

Modern Utopian Fictions from H. G. Wells to Iris Murdoch Peter Edgerly Firchow, 2007 Criticism on utopian subjects has generally neglected the literary or fictional dimension of utopia The reason for such neglect may be that earlier utopian fictions tended to be written by what one would nowadays call social scientists e g Plato or Sir Thomas More That is also why earlier discussions of utopian fiction were usually written by critics trained in the social sciences rather than by critics trained in literature To an appreciable degree this still tends to be the case today Now however there is an additional difficulty for the social scientists are critiquing utopias written by people who are primarily literary for example Krishan Kumar on Wells or Bernard Crick on Orwell Inevitably much of importance of literary importance is simply disregarded and so our understanding of modern utopia is correspondingly diminished This book aims to put the fiction back into utopian fictions While tracing the development of fiction in the writing of modern utopias especially in Britain it seeks to demonstrate in specific ways how those utopias have become increasingly literary possibly as a reaction not only against the social scientification of modern utopias but also in reaction against the modern attempt to institute utopia in reality notably in the former Soviet Union but also in consumerist late twentieth century America After an introductory discussion of how we understand and how we should understand modern utopian fictions the book provides

several examples of how those understandings affect our appreciation of utopian fiction There are chapters on H G Wells s Time Machine Bernard Shaw s Major Barbara Aldous Huxley s Brave New World George Orwell s Animal Farm and Nineteen Eighty Four William Golding s Lord of the Flies and Iris Murdoch s The Bell ABOUT THE AUTHOR Peter Edgerly Firchow internationally recognized scholar and author of numerous works including Reluctant Modernists W H Auden Contexts for Poetry Envisioning Africa Racism and Imperialism in Conrad s Heart of Darkness and The End of Utopia is professor of English at the University of Minnesota Firchow includes much that is praiseworthy in this short book on utopian fiction Firchow s work displays his very well informed explication and his ability in most instances to make literary texts come alive His treatment of Wells s The Time Machine is simply outstanding I find his enthusiasm for his texts refreshing and his work on the end of history meticulous Other scholars of utopian fiction will as well H Net Reviews Utopian fiction has often been mangled in interpretation on the occasions when it has been read without a sense of irony for the sake of political analysis disregarding its artistic nature To counterpoise such approaches Firchow offers us a close reading of each of the chosen works while also placing them in literary context Janice Rossen Partial Answers Evolution and Revolution in Theories of Legal Reasoning Scott Brewer,1998 Available individually by volume 1 Logic Probability and Presumption in Legal Reasoning 0 8153 2655 6 416 pages 2 Precedents Statutes and Analysis of Legal Concepts 0 8153 2656 4 400 pages 3 Moral Theory and Legal Reasoning 0 8153 2657 2 408 pages 4 Evolution and Revolution in Theories of Legal Reasoning 0 8153 2658 0 400 pages 5 Scientific Models of Legal Reasoning 0 8153 2757 9 424 pages Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important auto biographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms The Moral Vision of Iris Murdoch Heather Widdows,2017-03-02 Iris Murdoch s moral philosophy although highly influential in 20th century moral theory is somewhat unsystematic and inaccessible In this work Widdows outlines the moral vision of Iris Murdoch in its entirety and draws out the implications of her thought for the contemporary ethical debate discussing such aspects of Murdoch s work as the influence of Plato on her conception of The Good the reality of the human moral experience the attainment of knowledge of moral values and how art and religion inform the living of the moral life Examining all of Murdoch s contributions to moral philosophy from her short papers to Metaphysics as a Guide to Morals Heather Widdows provides an accessible and systematised account of Murdoch s moral concepts and offers a clear and critical exposition of her thought By clarifying Murdoch s central themes core ideas and her picture of the moral life this book enables her work to be more easily understood and so utilised in current debates
