Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **The Oxford Companion to Twentieth-century Literature in English** Jenny Stringer, 1996 Survey of twentieth century English language writers and writing from around the world celebrating all major genres with entries on literary movements periodicals more than 400 individual works and articles on approximately 2 400 authors *The Rhetoric of Antinuclear Fiction* Patrick Mannix, 1992 Given the ever present threat of world wide calamity that nuclear weapons present it is not surprising that they have fascinated fiction writers and filmmakers ever since their development Nor is it surprising that many of these artists would seek to use their work to influence mass opinion about these weapons What may be surprising is that few studies have been made of how antinuclear fiction actually attempts to persuade its audiences *The Rhetoric of Antinuclear Fiction* is an effort to do so Organized around the three traditional modes of rhetorical appeal the ethical the rational and the emotional the book describes and classifies the persuasive strategies of a wide range of antinuclear fiction from the period 1945 to 1989 Works examined include *On the Beach* *Fail Safe* *A Canticle for Leibowitz* *Dr Strangelove* *The Day After* *War Day* *Testament* *Threads* and *Riddley Walker* During the course of these studies Patrick Mannix reveals what sorts of fictional characters have been most widely used to deliver antinuclear messages and he follows the major arguments of the nuclear debate as they have been reflected in fiction He also shows which emotions are invoked most often to secure the audience's opposition to nuclear weapons and how those emotions have been generated by the creators of antinuclear fiction The range of characters that this volume examines includes the pacifistic but loyal Air Force general of *Fail Safe* the pious but shrewd monks of *A Canticle for Leibowitz* the suburban housewife of *Threads* and even the computer of *War games* which teaches humanity the folly of nuclear war We also follow fictional manifestations of the nuclear debate from veiled arguments for world government in *The Day the Earth Stood Still* through warnings of the dangers of Mutual Assured Destruction depicted by *Fail Safe* *Dr Strangelove* and *Wargames* to attacks on the concepts of limited nuclear war and the Strategic Defense Initiative in *War Day* This study also demonstrates the dynamic of fear in works as diverse as *Ape and Essence* *The Day After* and *Them* and dissects the powerful use of scorn in *Dr Strangelove* It also shows us the paradoxical role of hope in securing the effectiveness of antinuclear fiction While maintaining his focus on the persuasive nature of this literature Mannix does consider the aesthetic value of the fiction he studies noting that the relationship between the two elements is complex and often problematical While admitting that the aesthetic elements of some works would limit their audience and therefore reduce the scope of their rhetorical effect he demonstrates how the skillful combination of artistic and rhetorical elements raises a film like *Dr Strangelove* above the similarly themed *Fail Safe* as both a persuasive act and an aesthetic artifact BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Latin in Modern Fiction** Henryk Hoffmann, 2021-07-06 The goal of this book is to prove that Latin is not a dead language by demonstrating how prevalent and strong it still is in modern Western culture In order to do

so the author an English philologist with a long experience as a Latin educator catalogues explains and interprets Latin quotations and references in a multitude of twentieth and twenty first century literary works by primarily mainstream authors from Aldous Huxley to Saul Bellow to John Irving crime mystery writers from Raymond Chandler to Elizabeth George to Dennis Lehane and frontier western novelists from Emerson Hough to Larry McMurtry The three areas of fiction constituting the main scope of the book indicate the author s major interest and preference as well as the subject matter of his extensive research both prior and current the former related to his already published books The writers offering the most impressive contributions to the thesis are featured in the three parts of the main body those with lesser input are listed in the Appendix The prospective readers of the book include all Latin students and educators at the secondary and college levels worldwide
