The following words are from an internationally recognised Professor, one of many who requested I put pen to paper and share my unusual life story. Yesterday I did nothing other than read your gripping, fascinating account of how you discovered your own psychic abilities and how you coped with those people who both rejected and warmly accepted you. In fact, I went to bed far too late because I could not stop until I had finished reading the very last page. Your capacity for story telling is quite extraordinary. Instance after instance is told in a most compelling manner, even or especially when it concerns animals, such as the story of your relationship with the dog Tiger and his sad death by bait poisoning. The ways in which you increasingly throughout your life have been able to open up to a Spirit dimension is both comforting and enviable to someone such as me who at times tried but failed, and I am pleased to learn that others too are hoping you will make the grippingly told story of your exceptional talent and physical/spiritual experiences available to a
