The Achievement Gap in Reading Rosalind Horowitz,S. Jay Samuels,2017-04-07 In this volume prominent scholars experts in their respective fields and highly skilled in the research they conduct address educational and reading research from varied perspectives and address what it will take to close the achievement gap with specific attention to reading The achievement gap is redefined as a level at which all groups can compete economically in our society and have the literacy tools and habits needed for a good life Bringing valuable theoretical frameworks and in depth analytical approaches to interpretation of data the contributors examine factors that contribute to student achievement inside the school but which are also heavily influenced by out of school factors such as poverty and economics ethnicity and culture family and community stratifications and approaches to measurement of achievement These out of school factors present possibilities for new policies and practice The overarching theme is that achievement gaps in reading are complex and that multiple perspectives are necessary to address the problem The breadth and depth of perspectives and content in this volume and its conceptualization of the achievement gap are a significant contribution to the field **ACHIEV** Carol Jorgensen,Rosemary Huisingh,Kurt Smith,1985 Handbook of Early Literacy Research David K. Dickinson,Susan B. Neuman,2007-05-02 Current research increasingly highlights the role of early literacy in young children s development and informs practices and policies that promote success among diverse learners The Handbook of Early Literacy Research presents cutting edge knowledge on all aspects of literacy learning in the early years Volume 2 provides additional perspectives on important topics covered in Volume 1 and addresses critical new topics the transition to school the teacher child relationship sociodramatic play vocabulary development neuroimaging work Vygotskian theory findings from international studies and more **The Educator's Guide to Emotional Intelligence and Academic Achievement** Maurice J. Elias,Harriett Arnold,2006-01-13 Tap the power of emotional intelligence and watch school wide achievement soar Bringing all this information together in one spot is quite a contribution There isn t too much research or theory here but lots of emphasis on What can I do on Monday David A Squires Associate Professor Southern Connecticut State UniversityI highlighted at least two dozen specific

ideas that I will implement in my classroom next year Steve Reifman Teacher Santa Monica Malibu Unified School District CA Relevant and meaningful for today s educators Beverly Eidmann Principal Arvada Middle School CO Useful unique not a crowded field at all practical clearly written Robert DiGiulio Professor of Education Johnson State College This comprehensive guide to emotional intelligence EI is a state of the art collection of proven best practices from the field s best and brightest minds Edited by educational leaders Maurice Elias and Harriett Arnold this guide creates a new gold standard for bringing social emotional learning into every classroom with chapters by Daniel Goleman Rachel Kessler Marty Sleeper and Margot Strom Janet Patti Eliot Rosenbloom Pam Robbins Mark Greenberg Sheldon Berman Susan Wooley Rose Reissman Carol Cummings and many others Key features cover Theory and context for EI including brain development multiple intelligences service and citizenship school to work and health Teacher preparation and professional development 17 best practice programs in action relevant to grades PreK 12 An Application Reflection Guide for note taking follow up contacts and ideas for immediate implementation This book is sure to be an essential resource for all teachers counselors and school administrators who want their school communities to educate healthier more responsible and more successful students

Planning for Learning through Colour Rachel Sparks Linfield,Penny Colman,2012-09-26 Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of colour The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy This book takes you through six weeks of activities on the theme of colours Each activity is linked to a specific Early Learning Goal and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting This book also includes a photocopiable page to give to parents with ideas to involve them in the topic and their children s learning The book also features suggestions for bringing the six weeks of learning together The weekly themes in this book include red yellow blue black and white and mixing colours [Handbook of Early Literacy Research, Volume 2](#) David K.
