From the French Laurence Louis Félix BUNGENER,1867 **The Dark Womb** Karen O'Donnell,2022-02-28 The experience of reproductive loss raises a series of profoundly theological questions how can God have a plan for my life Why didn t God answer my prayers How can I have hope after such an experience Who am I after such a loss Sadly these are questions that along with reproductive loss have largely been ignored in theology Karen O Donnell tackles these questions head on drawing on her own experiences of repeated reproductive loss as she re conceives theology from the perspective of the miscarrying person Offering a fresh original and creative approach to theology O Donnell explores the complexity of the miscarrying body and its potential for theological revelation She offers a re conception of theologies of providence prayer hope and the body as she reimagines theology out of these messy origins This book is for those who have experiences such losses and those who minister to them But it is also for all those who want to encounter a creative and imaginative approach to theology and the life of faith in our messy complex world Bought by the Blood Robert G. Lee,2017-05-25 **The Cradle of Death** Okwy Nwankwo,1998 *Harbors, Flows, and Migrations* Anna De Biasio,Gianna Fusco,2017-05-11 Poised between the land and the sea enabling the dynamic flow of people and goods while also figuratively representing a safe place of rest and refuge the harbor constitutes a liminal ambivalent space par excellence that has been central to the American imagination and history since the early colonial days From the mythical tales of discovery and foundation to the endless flows of migrants through the dark pages of the slave trade and the imperialistic dream of an ever expanding nation harbors both as a trope and as physical spaces powerfully signify the American experience Today at a time when ideas of border protection and policing gain political prominence in the U S and elsewhere harbors and the constellation of meanings they subsume have become an even more crucial object of critical inquiry In this volume thirty two American Studies scholars from around the world interrogate the manifold significance of ports and of the exchanges they enable or restrain casting a decentered look onto the complex positioning of the United States in its political ideological and cultural relationships with the rest of the world This collection thus offers a cutting edge interdisciplinary investigation of the U S A engaging the most recent trends in American Studies and actively participating in the international and transnational reconfiguration of the field *ELH.* ,1949 **Name Me a Word** Meena Alexander,2018-07-24 A wide ranging anthology of twentieth century and contemporary writing from India and the Indian diaspora curated by a distinguished scholar and poet Internationally renowned scholar poet and essayist Meena Alexander brings together leading twentieth and twenty first century voices from India and the diaspora in this anthology Contributors include English language luminaries such as R K Narayan Salman Rushdie and Arundhati Roy and powerful writers in Indian languages such as U R Ananthamurthy Mahasweta Devi and Lalithambika Antherjanam This book will make a thoughtful gift for poetry and fiction enthusiasts and fans of Indian literature as well as an ideal volume for academics introducing writers from the

Shakespeare, Henry Norman Hudson,1881 *The Hand-book of Family Devotion; Translated from the German ...* Heinrich Zschokke,1863 **Religionless Spirituality** Patrick Mooney,2013-10-10 Religionless Spirituality claims that neither

religion nor materialistic science satisfies the ache of the human heart for meaning or significance We have experienced wonderful progress through the advances of science Unfortunately our achievements in many respects have become our atrocities Since the Enlightenment mechanistic science has insisted that it is only through reason that we can objectively prove anything thereby excluding all subjective experience This is the predominant paradigm by which capitalism and materialism prevail Modern society has almost completely adopted this model Because of this near total embrace the environment of the human habitat is becoming more and more threatened Through this model we infer that infinite growth can fit into a finite world The ego is catered to as a consequence but our spirit grows ever more impoverished What use is verification by the human eye if the subjective experience of sight is excluded Science explains but tells us nothing of experience We need a spirit of transcendence something that lies beyond matter to explain the human construct This is where spirituality enters Religion for its own ends has politicized spirituality and co opted for power and control Individually spirituality calls us to reclaim the birthright of Gods divinity alive within each of us True spirituality calls us to look to the power within True spirituality belongs to each individual We must adopt a new paradigm decontaminate ourselves from organized religion and see our own individual divinity **Lesbian Decadence** Nicole G. Albert,2016-02-23 In 1857 the

French poet Charles Baudelaire who was fascinated by lesbianism created a scandal with *Les Fleurs du Mal* The Flowers of Evil This collection was originally entitled *The Lesbians* and described women as femmes damn es with disordered souls suffering in a hypocritical world Then twenty years later lesbians in Paris dared to flaunt themselves in that extraordinarily creative period at the turn of the 19th and 20th centuries which became known as the Belle poque Lesbian Decadence now available in English for the first time provides a new analysis and synthesis of the depiction of lesbianism as a social phenomenon and a symptom of social malaise as well as a fantasy in that most vibrant place and period in history In this newly translated work praised by leading critics as authoritative stunning and a marvel of elegance and erudition Nicole G Albert analyzes and synthesizes an engagingly rich sweep of historical representations of the lesbian mystique in art and

literature Albert contrasts these visions to moralists abrupt condemnations of the lesbian vice as well as the newly emerging psychiatric establishment's medical fury and their obsession on cataloging and classifying symptoms of inversion or perversion in order to cure these unbalanced creatures of love Lesbian Decadence combines literary artistic and historical analysis of sources from the mainstream to the rare from scholarly studies to popular culture The English translation provides a core reference text for those interested in the Decadent movement in literary history in French history and social history It is well suited for courses in gender studies women's studies LGBT history and lesbianism in literature history and art
