Scheurer,1989 Beginning with the emergence of commercial American music in the nineteenth century Volume 1 includes essays on the major performers composers media and movements that shaped our musical culture before rock and roll Articles explore the theoretical dimensions of popular music studies the music of the nineteenth century and the role of black Americans in the evolution of popular music Also included the music of Tin Pan Alley ragtime swing the blues the influences of W S Gilbert and Rodgers and Hammerstein and changes in lyric writing styles from the nineteenth century to the rock era Widdowcisms Kenneth West Widdowson AKA Kenny West,2016-12-08 I grew up in the best years this country had ever seen the thirties the forties and the fifties When I put down my baton after thirty nine years of conducting bands and orchestras I needed a project I decided to share my early years growing up in the town of Bellefonte Pennsylvania by writing an autobiography As I collected the material for this venture I came to two conclusions first I didn t have enough interesting

material and second who would want to read it Some of those memories combined with later writings were the basis for the first part of this book Essays and Reflections The Music and Correspondence sections speak for themselves The greeting cards are but a few I have written to my wife Jean over our fifty seven years of marriage They were my reaction to the commercial bland verse and high priced cards Growing up in a funeral home I had seen enough flowers to last several lifetimes I very seldom gave my wife flowers As for the poetry it came about by accident It started with writing song lyrics and just seemed to segue into the poems I never really looked for a poem subject every day events presented themselves with constant frequency The individual limericks added a personal touch to my correspondence and were greatly appreciated by the receiver Many of the later poems could not have been written at an earlier age Again experience is a writing necessity I do hope you enjoy my writings my humor and my comments on life I am surprised I have made this venture into writing a book at age eighty six but as I remarked at the end of my final concert Tonight I end my conducting career I broke my baton here Old conductors never die they re always beating time Good bye More Than Notes!
