Louis COGNET,1958 **Crépuscule des mystiques** Louis Cagnet,1958 *Francois Fenelon A Biography* Peter Gorday,2012-03-01 Discover the wisdom of this controversial theologian whose counsel and meditations have found a wide audience for more than three centuries Fran ois F nelon was a seventeenth century French archbishop who rose to a position of influence in the court of Louis XIV Amid the splendor and decadence of Versailles F nelon became a wise mentor to many members of the king s court as well as to the controversial Madame Guyon Later exiled from Versailles for political reasons F nelon set out to improve the lot of peasants of his diocese and to deepen the spiritual life of all with whom he came in contact Until his death he corresponded with those at court who had become his spiritual children Twenty first century Christians are rediscovering the wisdom of this spiritual thinker Together with Pascal who was an old man in Fenelon s youth he showed how it was possible to have devotion and faith in the Age of Enlightenment He battled heresies faced charges of heresy himself and wrote masterful books of insight into the spiritual life Peter Gorday s life of Fenelon is a gem I recommend it to anyone with an interest in Fenelon or Christian mysticism in general Dr Chad Helms Professor of Modern Foreign Languages Presbyterian College and editor of Fenelon Selected Writings Classics of Western Spirituality Gorday traces the complex situation in Fenelon s time and the varying perspectives of his interpreters He declares him not cunning but tough as a thinker In this book we get not only a fascinating story but also a subtle guide to self examination Dr Eugene TeSelle Emeritus Vanderbilt Divinity School **Crépuscule des mystiques** Louis Cagnet,1958 **The Politics of Religion in Early Modern France** Joseph Bergin,2014-11-25 Rich in detail and broad in scope this majestic book is the first to reveal the interaction of politics and religion in France during the crucial years of the long seventeenth century Joseph Bergin begins with the Wars of Religion which proved to be longer and more violent in France than elsewhere in Europe and left a legacy of unresolved tensions between church and state with serious repercussions for each He then draws together a series of unresolved problems both practical and ideological that challenged French leaders thereafter arriving at an original

and comprehensive view of the close interrelations between the political and spiritual spheres of the time The author considers the powerful religious dimension of French royal power even in the seventeenth century the shift from reluctant toleration of a Protestant minority to increasing aversion conflicts over the independence of the Catholic church and the power of the pope over secular rulers and a wealth of other interconnected topics **Crépuscule des mystiques** Louis Cognet,1958 **The Virtues of Abandon** Charly Coleman,2014-07-01 France in the eighteenth century glittered but also seethed with new goods and new ideas In the halls of Versailles the streets of Paris and the soul of the Enlightenment itself a vitriolic struggle was being waged over the question of ownership of property of position even of personhood Those who championed man's possession of material spiritual and existential goods faced the successive assaults of radical Christian mystics philosophical materialists and political revolutionaries The Virtues of Abandon traces the aims and activities of these three seemingly disparate groups and the current of anti individualism that permeated theology philosophy and politics throughout the period Fired by the desire to abandon the self men and women sought new ways to relate to God nature and nation They joined illicit mystic cults that engaged in rituals of physical mortification and sexual license committed suicides in the throes of materialist fatalism drank potions to induce consciousness altering dreams railed against the degrading effects of unfettered consumption and ultimately renounced the feudal privileges that had for centuries defined their social existence The explosive denouement was the French Revolution during which God and king were toppled from their thrones

La Cité du Logos: L'ecclésiologie de Clément d'Alexandrie et son enracinement christologique Léon-Ferdinand Karuhije,2022-06-20 Clément d'Alexandrie 150-215 Ap J C est l'un des penseurs les plus brillants des premiers siècles chrétiens Son enseignement tout autant p tri de la Bible que de la pensée grecque nous révèle la nature des débats aux premières heures de l'expansion du christianisme Ce livre aborde un sujet peu étudié ce jour savoir sa pensée sur l'glise C'est pourtant un sujet courant de ses ouvrages où il réfléchit longuement sur l'glise partir de l'être et la mission du Logos divin L'analyse du discours de Clément sur l'glise permet donc de revisiter les intuitions principales de sa christologie tout en apportant un éclairage sur sa perception de l'identité chrétienne une époque où celle-ci est encore en construction Clement of Alexandria AD 150-215 is one of the most brilliant thinkers of the early Christian centuries His teaching steeped as much in the Bible as in Greek thought reveals to us the nature of the debates in the early days of the expansion of Christianity This book deals with a subject little studied to this day namely his thoughts on the Church Yet it is a recurring subject in his works where he reflects at length on the Church from the point of view of the being and the mission of the divine Logos Analysis of Clement's discourse on the Church therefore makes it possible to revisit the main intuitions of his Christology while shedding light on his perception of Christian identity at a time when it is still under construction Crépuscules des mystiques Louis Cognet,1958 *Héros et orateurs : Rhétorique et dramaturgie cornéliennes* Marc Fumaroli,1996 La tragédie cornélienne est une réponse originale au soupçon de sophistication qui pèse sur le théâtre au XVIIe siècle Paris proprement héroïque sur les
