CREATE YOUR OWN WORLD - BOOK 1 Kamal Mahalingam, Ray DeCormier, 2022-08-22 Since you're reading this I will assume that you are looking for a way to achieve success, peace and happiness in your life. Well, I believe you have come to the right place. Most definitions of success focus on attaining wealth. While I will not discount the importance of that, my definition of success also includes being in harmony with your nature, being happy with your relationships and being satisfied with your vocation. Some people instinctively know how to achieve success. Consequently, they have figured out how to create their own world. Maybe you've met some of these people. What they all seem to have in common is a fulfillment within themselves, their mates and especially with their calling. Unfortunately, most people do not share that feeling of success, especially as it relates to their job or career. If this is a concern for you, then maybe it's time to consider changing the way you've managed your work life. Let me be frank. The intent of this book is to help you find success by teaching you how to Create Your Own World. Although you can apply the concepts for Creating Your Own World to many facets of life, however, since a satisfying work life is so essential for happiness, much of what I will focus on is how to discover a rewarding work life, often referred to as your Calling. To achieve success, I believe you need to become enlightened in three distinct areas. First, you need to understand applied psychology, attitudes and how your conscious and sub-conscious minds work. Next, you need to know how to harmonize with your true nature. In other words, finding your calling. By finding your calling, I mean discovering the career you should have, experiencing the peace you should embrace and doing those activities that you conclude are enjoyable. Finally, to help you discover and actualize your calling, you need a successful process. Give me your undivided attention and I will show you exactly what you need to do to discover and achieve an exciting career and a wonderful life. [The Graduate's Guidebook to Creating Wealth and Financial Freedom While Navigating Life's Illusions](#) Peter Alan Dennis, 2003-12 How to create wealth and financial freedom while planning for the rest of your life. [The Power of Living By Design](#) Tom Ward, 2013-05-22 Based on the proven premise that individuals are perfectly designed to get the outcomes they get, The Power of Living By Design provokes your thoughts using a framework called the Successful Life Systems Design Model to guide you in understanding choices you've made in your life, either consciously or unconsciously. Integrating classic success principles from over twenty resources as alternative choices, The Power of Living By Design then provides a sequenced system to assure your future choices are aligned to efficiently work together toward your desired success. As builders follow the architect's plans to remodel an outdated house into a beautiful home, with lessons from The Power of Living By Design, you can use the framework to identify the rooms in your life that merit remodeling and the sequenced system to create a personal blueprint for reconstruction. You become your own architect and builder of the future you yearn for. For individuals that seek to understand the cause and effect of their choices and are looking for a systematic approach to changing some choices in their life, The Power of Living By Design is an integration of proven strategies and techniques to make a difference in designing a life of fulfillment.
