Creating Creation:

Jonathan Edwards' Concerning The End for Which God Created the World Walter J. Schultz, 2020-01-20 This book is an exposition of Jonathan Edwards' argumentation in his dissertation *Concerning the End for Which God Created the World*. In addition to stating Edwards' theses regarding God's end and motivation in creation, this book identifies and discusses the assumptions of his argumentation, analyses and explains its crucial components, and explores its philosophical implications. These implications include a version of exemplarism, i.e. the nature of God's ideas for creation; dispositionalism, i.e. the characteristics of God which explain God's motivation and emanationism, i.e. what God shares of himself with persons who have a living faith in Christ. These entail a view of idealism, i.e. a view of the ultimate ontological ground of the universe; God's temporal nature; continuous creationism, i.e. how God sustains creation; a version of panentheism, i.e. how God, who is infinite, is related to creation from which God is absolutely distinct; and occasionalism, i.e. the nature of causation of physical events or states of creation. These concepts and what they entail constitute a complete metaphysical system providing a thoroughgoing divine action understanding of the foundation of reality. For Jonathan Edwards, God's acting according to his plans for his purposes in Christ is fundamental to all things. Were we to have an understanding of how the fundamental concepts of science, mathematics, and ordinary experience are related in reality to the God who acts for his original ultimate end in creation, sustaining the universe while providentially guiding its affairs and working redemption, we would have the opportunity to develop these as he had hoped he pointed the way for others to follow.

In the Beginning ... God Created Henry DuBose, 2014-08-03 This book on the first chapters of Genesis is not concerning the literal creation of the universe. There is more than an ample supply of commentaries on how God created the earth and the heavens. Genesis is the book of beginnings. The first chapter of Genesis is about the mystical creation of the Body of Christ. In what way was Jesus the Beginning of the creation of God? Enjoy the study.

Creation and Double Chaos Sjoerd Lieuwe Bonting, 2004-12-01 Scientist and theologian Sjoerd Bonting offers a new overarching framework for thinking about issues in religion and science. He looks at the creation controversy itself, including biblical perspectives, traditional doctrines, and the particular potential contribution of chaos theory. Finally, Bonting

extends this perspective a combination of chaos theory and chaos theology he calls double chaos into a framework that addresses traditional questions about evil divine agency soteriology the understanding of disease possible extraterrestrial life and the future *A Samaritan philosophy* Alexander Broadie,1981 Imago Dei: Man/Woman Created in the Image of God George Hobson,2019-09-30 The question What is human nature is in vogue today Like everything else this concept is being deconstructed in the context of the reigning ideology of individualistic materialism Is there a fixed human nature or is this simply a manipulatable social construct with no objective reference This book says Yes there is the imago Dei man woman created in the image of God Hobson argues that this text from Genesis 1 26 28 is a God given anthropological revelation that establishes the relational bond of human beings with their Creator and also with his creation for which the imago equips us to be responsible stewards Many of Hobson s essays were delivered as talks in parishes They explore from multiple angles the import of the imago Dei for theological and sacramental reflection apologetics aesthetics art and at a hands on practical level for pastoral counseling and inner healing His texts one of which opens with a discussion of genocide contain incisive critiques of the dark side of modernity alongside wide ranging demonstrations of the pertinence of the imago Dei to the current debates about human dignity and rights His book is a ringing call to the church to take the measure of the value of this anthropological revelation for its proclamation of the gospel **And Man Created God** George Carl Mynchenberg,1999-12-19 And MAN CREATED GOD presents the Agnostic view point using science history and logic while denying all religious belief and faith in revelations from a Creator or God Reviews And MAN CREATED GOD is vigorous and clearly written Readers should have no doubt about the position you take the positions you challenge and why you find religious beliefs doubtful It articulates very well what you call the agnostic position Charles F Kielkopf Professor of Philosophy Ohio State University **Created Male and Female** Terrance Randall Wardlaw,2021-01-19 In a culture where gender neutrality is the ideal why is it significant that we were created differently as male and female As the ethical consequences of the gender debate in the last generation manifest themselves this book explores biblical teaching in order to work toward a Christian perspective This discussion traces the theme of creation as male and female through the canon from the Pentateuch to the epistles and demonstrates how Pauline interpretation flows from Genesis 1 3 The grounding of the distinction between male and female in Genesis 1 as the climax of creation suggests the ethics associated with creation as male and female abide universally and for all time This book intends to present a comprehensive yet reasonably concise presentation of biblical teaching on creation as male and female without bogging down in the detailed disputes between complementarian and egalitarian writers This discussion considers each passage within its literary context and patristic writers from the first few centuries of the church function as a control on interpretation *The Journal of Sacred Literature and Biblical Record* B. Harris Cowper,2021-11-05 Reprint of the original first published in 1867 **If Atheists Created God** Andrew Mytaf,2024-12-21 What kind of God would atheists create if tasked with envisioning a deity rooted entirely in logic

physical reality and intuitive morality If Atheists Created God explores this bold question by addressing humanity's core moral dilemmas and examining the key arguments in debates between atheists and Christians At its core the book seeks to derive a rational backup version of God a hypothetical model of a deity that even ardent sceptics and atheists might consider a plausible and acceptable alternative This carefully reasoned philosophical framework envisions a concept of God that would not only align with human understanding but also foster the progress of civilisation This book will appeal to critical thinkers philosophy enthusiasts and anyone seeking a rational approach to life's big questions The author's clear prose makes complex ideas accessible without sacrificing depth Prepare for an intellectual journey that challenges assumptions and expands minds offering a rare opportunity to engage with profound concepts in a truly rational manner Key topics explored include A fresh perspective on free will that resolves disputes between compatibilists and hard determinists An innovative approach to natural evil which is considered unsolvable A nuanced analysis of consciousness personal identity and the nature of the self A rational framework for understanding ethical dilemmas and moral decision making Thought provoking discussions on gender roles hierarchy and equality from evolutionary and philosophical viewpoints The arguments presented are unprecedented and promise to ignite global debates The author skilfully navigates complex terrain offering readers a chance to reconsider their worldviews through rigorous logic and evidence based reasoning By applying analytical philosophy to age old questions he illuminates pathways for reconciling humanistic understanding with existential inquiries
