Vision of God's Building Witness Lee, 2006-02      **And Man Created God** Shlomo Giora Shoham, 2011-08-08 And Man Created God presents a new theory of mytho empiricism based on the mythological concepts of Claude L vi Strauss and the structuralism of Jeanne Piaget The whole nature of mythogenes as the creative force linking history and transcendence is then elucidated The corpus of myths in the books of Genesis and Exodus are presented in a new light and then compared with the Egyptian Mesopotamian and Greek mythologies to highlight the Judaic myths with the pagan contrast      Theatre as a Medium for Children and Young People: Images and Observations Shifra Schonmann, 2006-07-10 This book is a journey into the dual territory of educational and theatrical settings It advances the knowledge in these settings by touching upon provocative questions by dealing with the limitations and challenging the new possibilities of theatre for young people It is an attempt to bring intellectual rigor and some theoretical perspectives drawn from recent theatre and aesthetic theory to the field of theatre for young people      **Creating God in the Image of Man?** Norman L. David Van Brugge, 2025-01-20 In this retrieval study David Van Brugge addresses how the current understanding of a homiletical use of imagination for expository preaching might be strengthened The current need for strengthening becomes apparent when the various understandings of imagination and their implications for practical theology are realized This is compounded as trends in homiletics seem to minimize the imagination or embrace it in modern or postmodern ways The original contribution of this study is recognizing that the homiletical use of imagination can be strengthened by retrieving the Puritan baroque characteristics of Jonathan Edwards imagination as evidenced in his sermons to the Stockbridge Indians of 1751-1758 Edwards drew on a rich background to display an imagination that synthesized thoughts and ideas thought beyond the senses and that by the grace of God transformed thought and practice Through that creative thought Edwards maintained Biblical exposition and appeal to the affections Van Brugge further develops and evaluates the idea of Puritan baroque characteristics concluding that it is a helpful characterization of Edwards Stockbridge Indian sermons In these sermons Edwards imaginatively used imagery light space movement and glorification for the ultimate goal of directing the affections of his audience towards God Such a use of imagination for affective purpose becomes a key for the strengthening of a homiletical use of imagination today      *Reading the Bible in the Strange World of Medicine* Allen Verhey, 2003-12-11

Author of such major books as *Remembering Jesus* *Christian Community* *Scripture and the Moral Life* Allen Verhey has become one of today's most trusted Christian voices in contemporary ethics including the moral challenges that new medical technologies pose to Christian faith and decision making With this new book Verhey brings the biblical tradition to bear on contemporary bioethical concerns Drawing on an unmatched depth of insight in these two realms Verhey explores how the Bible can illuminate and guide medical ethics He argues that churches are called to think and speak clearly about bioethical concerns and he lays out here the scriptural tools for them to do so After firmly grounding Christian ethical discourse in Scripture Verhey shows how the Bible can be applied to such pressing questions as suffering genetic intervention abortion reproductive technologies end of life care physician assisted suicide and more Filled with faith based wisdom and apt illustrations of the moral dilemmas discussed this book is a must read for Christians grappling with the ethical dimensions of medicine today      *The Power of Truth in Perilous Times* Marcus E. Drake, 2024-09-25 Real Hope in the Midst of a Culture Gone Awry Yes we live in this kind of culture and world However it is clear in the Bible that the more we pursue the knowledge of God as defined and described in Scripture and the more we are devoted to him the more he will work in us and through us during the perilous times in which we live Therefore in thinking about the extraordinary impact biblical truth can have on our society this book focuses on three vitally important areas in the Bible how God reveals his existence through nature and his Word how he discloses his character through his attributes and promises and how he calls his people to seek the knowledge of himself through the fear of the Lord and the bearing of his image Thus the purpose of this book is to lead

believers into a deeper understanding of what God is like a deeper understanding of what he has promised to those who know him and a deeper understanding of the unshakable hope and strong encouragement we have in God's Word as we live in a confused and deteriorating culture Rather than simply decrying the devastating changes in our nation and world this book clearly proclaims the hope that is ours in the very nature and character of God himself the identity and security believers have in Christ and the biblical guidance we need in order to be salt and light in our generation A God centered truth loving Christ exalting approach to life changes everything
