

A Speculation

*Of all speculations the market holds forth,
The best that I know for a lover of pelf,
Is to buy Marcus up, at the price he is worth,
And then sell him at that which he sets on himself.*

Speculation: A Philosophical Poem James Flitton, 1877 **The Dream and the Dialogue** Alice Templeton, 1994
Adrienne Rich's poetry has long engaged critics in questions about the nature of poetic art the character of poetic tradition and the value of poetry as a political and cultural activity At the same time it has attracted many general readers largely because it expresses the personal social and intellectual crises faced by feminists during the last thirty years In this study Alice Templeton looks at the ways in which feminist thinking has influenced Rich's poetics while simultaneously her poetic practice has shaped her feminist conceptions Templeton begins by exploring the tensions between epic eulogistic and lyric claims made in the poems collected in *Diving into the Wreck* 1973 She then examines the strategies Rich uses in subsequent

collections to test and refine her feminist thinking Templeton focuses in particular on the dialogic moments of cultural participation that Rich's poetry provides for the poet and the reader These moments Templeton argues can dispel myths of social determinism even as they implicate readers in an ethically charged communal bond By demonstrating the contributions that Rich has made both to feminist thinking and to our ways of reading poetic tradition *The Dream and the Dialogue* treats Rich as a poet of ideas and places her work solidly in the context of contemporary literary theory

Writing Poetry in the Dark Stephanie M. Wytovich, 2024-09-11 Writing Poetry in the Dark brings together some of the most successful contemporary genre poets to discuss topics related to creating dark and fantastical poetry. While there are countless books available for the aspiring poet, there is a lack of resources specifically for and on speculative poetry, and with the market thriving, publishers who previously did not put out poetry are now adding it to their catalogs, requesting it for their anthologies and seeking it for their magazines. Given these factors, it seemed like the perfect time to put together a guide for dark poets that addresses some of the unique challenges they face, such as creating monsters out of white space, writing the hybrid poem, or subverting folklore in the retelling of a classic tale. Included in *Writing Poetry in the Dark* are recommendations on how to bring fear to the page, write from the wound, let violence loose, channel the weird, and tackle the dark side of daily life. There are also practical suggestions for exploring different poetic forms and topics, ranging from building worlds, writing from different points of view, and exploring gender and sexuality on the page. This book will bring something different to every speculative writer who is interested in exploring poetry with a genre twist, and it is our hope that this book will help poetry itself continue to evolve, grow, and redefine itself in the market for many years to come.
