Committee heard persuasive evidence about the environmental damage caused by over abstraction The reform of abstraction licenses must be brought forward as the Government s current plans to reform the abstraction regime by the mid to late 2020s will not take effect rapidly enough given that our rivers are already running dry Defra must also work with Ofwat and the Environment Agency to tackle urgently those abstractions which are already causing severe damage to our rivers It is extremely disappointing that the White Paper fails to set a target to increase levels of water metering The report also highlights how bad debt in the water sector adds around 15 to each household s water bill every year Defra must implement existing legal provisions rapidly to tackle this problem The Committee also examines proposals to increase competition in the sector They conclude that Defra should set a clear target date for opening a competitive retail market for water and should take account of lessons that can be learned from Scotland The Committee believes that the White Paper s proposals will fail to deliver a well functioning retail market and suggests how to remedy this The Government also needs to take action to encourage the development of Sustainable Drainage Systems SuDS which can reduce the risk of flooding and to implement the relevant outstanding provisions of the Flood and Water Management Act 2010 It is deeply worrying that the Government had not yet reached an agreement with insurers about providing cover for homes in areas of flood risk

Boyer,2023-07-28 This book presents one hundred reflections on the four seasons spring summer autumn and winter The seasons of the year bring change to people Winter heating gives way to spring and summer air conditioning The new life of spring trees leafing bulbs blooming grass growing brought about by rain turns into summer maintenance Summer maintenance diminishes as the autumn chill begins to spread across the land and T shirts and shorts are exchanged for sweaters and jeans Coats are brought out of the closet and prepared to be worn as frost forms on the lawn snow falls from the sky and ice forms on water The changes that take place outside of us also take place inside us Without noticing we discover ourselves adapting as we pass from one season to another All the reflections provided in this book begin with biblical passages that mention each specific season or some event that occurs as part of the season The passage is followed by a reflection a Psalm response questions for meditation and or journaling and prayers designed to nourish one s spirituality The yearly process of passing from one season to another brings about transformation in us of which we may not be aware **A Complete Collection of State Trials and Proceedings for High Treason and Other Crimes and Misdemeanors from the Earliest Period to the Year 1820.
