Drown In Fear:

Drown in Fear Elizabeth Blue,2004-03-08 A deadly menace lurks in the depths of the James River A woman not human She hunts men and feeds on them When Jake and his best friend Monty go for a swim in the river Monty becomes the creature s lunch Jake is left to mourn the loss of his friend but soon discovers grief is the least of his worries He too is being hunted and he must find a way to stay alive while he searches for the creature and a way to kill her The Structure of Emotions Robert M. Gordon,Robert Morris Gordon,1987 The Structure of Emotions argues that emotion concepts should have a much more important role in the social and behavioural sciences than they now enjoy and shows that certain influential psychological theories of emotions overlook the explanatory power of our emotion concepts Professor Gordon also outlines a new account of the nature of commonsense or folk psychology in general **NONVIOLENCE OR**

NONEXISTENCE Witness of a Body in the Body of the World LeRoy Moore,2022-08-30 The summary of this book is present in the title Nonviolence or Nonexistence I grew up knowing closely the violence of my father He was violent with me and also with my stepmother after my mother s early death As a boy I thought this was the life for men I was living a lie But I soon learned about nonviolence from Martin Luther King and with much more detail from Mohandas Gandhi of India Later I read the works of Gene Sharp of Harvard who emphasized strongly that we must abandon violence Early in my adult years I became a devotee of nonviolence especially after I learned that nuclear weapons were manufactured at the Rocky Flats Plant near Boulder Colorado where I lived Achieving closure of Rocky Flats was a major accomplishment for devotees of nonviolence In words I used as a visiting professor at the University of Denver I am a body in the body of the world Drawing on a lifetime s experience of nonviolent thought and activism this book emphasizes that to survive we must end our devotion to violence Emotional Freedom Garry A. Report ,1960 The Art of Selling the Art of Healing Alex Lubarsky,2015-03-04 The most important ingredient in the art of healing is the art of selling I say that with all the respect in the world for every other part of this vast system of care that has grown into a sprawling and complex three trillion dollar metropolis For the last sixty or so years the providers of care have depended on third party entities to handle the part of selling for them From insurance companies who sold millions of people on the importance of paying monthly premiums for health care insurance to the government that did the same thing under the more intimidating compulsory taxation Today we have come to a fork in the road where as the system implodes those who control the flow of monetary resources are filling their own bank accounts leaving the people who are busy providing care on that field of battle with all supply lines cut off Many healers are therefore forced to shed all the entities that have forced themselves between the doctor and her patient Exploring their original entrepreneurial roots allowing the patient to bypass all middlemen and pay the doctor for care directly The trouble comes in when the healing professional steps out of a world where all the marketing was handled for them and the only thing they needed to know was how to submit a bill to a third party payer for reimbursement So when embarking on this new journey of building a concierge pay for service practice many are derailed by the Flat Earth Fallacy that is a perception of things as they seem but are in reality very different This book then is to share some field tested experiences that will in all probability save the health care entrepreneur some pain and expense while providing a perspective on the driving elements of success in the art of selling the art of healing
