aristocracy and was raised at Versailles Fanny came from a rather less auspicious but highly cultured family and made her name as one of the best selling novelists of the day Both women used memoirs journals and diaries to document their lives in the upper echelons of society in England and France commenting with scintillating wit and waspish observation on their encounters with many of the great figures of the day including such as Napoleon Wellington Talleyrand Castlereagh Chateaubriand Dr Johnson David Garrick Madame de Stael and both the French and British Royal families Although the two women lived for significant periods in each other's country mainly in Paris and in London and inhabited the same social circles surprisingly they never met in person Yet they both encountered the same people and commented on the same events Through the observations of these immensely well connected and brilliant writers Brian Unwin provides a fresh and fascinating insight into some of the principal events and persons of one of the most seminal and turbulent periods of modern European history

Everyday Life Roger Abrahams, 2011-06-07 A folklorist and ethnographer who has written about the Southern Appalachians African American communities in the United States and the West Indies Roger D Abrahams goes up against the triviality barrier Here he takes on the systematics of his own culture He traces forms of mundane experience and the substrate of mutual understandings carried around as part of our own cultural longings and belongings Everyday Life explores the entire range of social gatherings from chance encounters and casual conversations to well rehearsed performances in theaters and stadiums Abrahams ties the everyday to those more intense experiences of playful celebration and serious power displays and shows how these seemingly disparate entities are cut from the same cloth of human communication Abrahams explores the core components of everydayness including aspects of sociability and goodwill from jokes and stories to elaborate networks of organization both formal and informal in the workplace He analyzes how the past enters our present through common experiences and attitudes through our shared practices and their underlying values Everyday Life begins with the vernacular terms for old talk and offers an overview of the range of practices thought of as customary or traditional Chapters are concerned directly with the terms for intense experiences mostly forms of play and celebration but extending to riots and other forms of social and political resistance Finally Abrahams addresses key terms that have recently come front and center in sociological discussions of culture in a global perspective such as identity ethnicity creolization and diaspora thus taking on academic jargon words as they are introduced into vernacular discussions
