Access to Education A. Sauvy, 2012-12-06 It is difficult for us today to imagine that equal educational opportunity with which we are so deeply preoccupied was at one time considered to be if not an evil at least a futile objective and that those who held such an opinion were completely insincere and even disinterested For a vertically stratified society equality of education had to be opposed because it would disturb an equilibrium as vital as that of a building In the Middle Ages only the Church was able to look for new members at the bottom of the social ladder since ecclesiastical office was not inherited by birth But efforts in this direction were necessarily very limited even if only because of the material obstacles to such an aim Equality of education as well as any other type of equality could not even be imagined by the aristocracy whose very existence would have been threatened Its initial indifference was followed by active opposition When it became possible to formulate the question of the diffusion of education in the 17th and 18th centuries the principle itself met with a fundamental objection The ruling class idle by its very nature feared that the workers and especially those on the land would abandon their productive labours now felt to be degrading and swell the ranks of the parasites in the cities *Access and Equity*, 2010-01-01 The massive expansion of higher education across all continents is one of the defining features of our century This volume examines two dimensions of this those of access and equity Building on the country studies undertaken by this group of Fulbright New Century Scholars the book offers a unique focus in its commitment to bring together an analysis of the theoretical literature on equity a focus on the methodological problems of measuring access and equity from a comparative perspective a comparative analysis of trends and policy developments set in a global framework and a comparative analysis of targeted initiatives which are currently in place in different societies The need to develop a comparative research programme addressing the question of measuring equity is noted The volume will be of interest to a broad range of readers policy makers and researchers at international national and local levels non governmental bodies higher education institutions and members of the public interested in these topics During a period of financial constraint the provision of access to higher education for disadvantaged groups and their retention in higher education remains a continuing and important issue *Access to Financial Services* Stijn Claessens, 2005 This paper reviews the evidence on the importance of finance for economic well being provides data on the degree of use of basic financial services by households and firms across a sample of countries assesses the desirability of more universal access and overviews the macroeconomic legal and regulatory obstacles to access using general evidence and case studies Although access to finance can be very beneficial the data show that universal use is far from prevalent in many countries especially developing countries At the same time universal access has generally not been a public policy objective and is surely not easily achievable in most countries [From access to empowerment](#) UNESCO, 2021-12-31 **Improving Public Transportation Access to Large Airports** Leigh Fisher Associates, Matthew A. Coogan, Transit Cooperative Research Program, 2000 Examines legal financial

institutional technical jurisdictional and other factors affecting public transportation to airports **Enhanced Access to Publicly Funded Data for Science, Technology and Innovation** OECD,2020-04-30 This report presents current policy practice to promote access to publicly funded data for science technology and innovation as well as policy challenges for the future It examines national policies and international initiatives and identifies seven issues that require policy attention

Access to Western Esotericism Antoine Faivre,1994-12-05 This is the first systematic treatment of esotericism to appear in English Here is also a historical survey beginning with the Alexandrian Period of the various esoteric currents such as Christian Kabbalah Theosophy Alchemy Rosicrucianism and Hermeticism Common characteristics of these currents are the notion of universal interdependency and the experience of spiritual transformation The author establishes a rigorous methodology provides clarifying definitions of such key terms as gnosis theosophy occultism and Hermeticism and offers analysis of contemporary esotericism based on three distinct pathways The second half of the book presents a series of studies on several important figures works and movements in Western esotericism studies devoted to some of the most characteristic and illuminating aspects that this form of thought has taken such as theosophical speculations on androgyny rosicrucian literature and Masonic symbolism The book is completed by a rich and selective Bibliography conceived as a means of orientation and a tool for research **International Copyright and Access to Knowledge** Sara Bannerman,2016-02-19 The principle of Access to Knowledge A2K has become a common reference point for a diverse set of agendas that all hope to realize technological and human potential by making knowledge more accessible This book is a history of international copyright focused on principles of A2K and their proponents Whilst debate and discussion so far has covered the perspectives of major western countries the author s fresh approach to the topic considers emerging countries and NGOs who have fought for the principles of A2K that are now fundamental to the system Written in a clear and accessible style the book connects copyright history to current problems issues and events **Enhancing Access to and Sharing of Data Reconciling Risks and Benefits for Data Re-use across Societies** OECD,2019-11-26 This report examines the opportunities of enhancing access to and sharing of data EASD in the context of the growing importance of artificial intelligence and the Internet of Things It discusses how EASD can maximise the social and economic value of data re use and how the related risks and challenges can be addressed It highlights the trade offs complementarities and possible unintended consequences of policy action and inaction It also provides examples of EASD approaches and policy initiatives in OECD countries and partner economies **International Investment Perspectives 2005** OECD,2005-10-03 International Investment Perspectives is an annual report from the OECD on international investment developments The focus of the 2005 edition is on policies affecting the investment climate **Access to Medicine Versus Test Data Exclusivity** Owais H. Shaikh,2016-07-25 This book explores the concept of test data exclusivity protection for pharmaceuticals Focusing on Art 39 3 of the WTO Agreement on Trade Related Aspects of Intellectual Property Rights TRIPS Agreement and relevant provisions

in selected free trade agreements FTA and national laws it combines normative historical comparative and economic analysis of test data exclusivity protection At the heart of this book is the novel and original Index of Data Exclusivity and Access IDEAS which analyzes the effectiveness of test data exclusivity provisions in FTAs and national laws both on the strength of exclusivity as well as on access to medicine IDEAS provides a framework for the assessment of current test data exclusivity protection standards on the basis of their proximity to Article 39 3 of the TRIPS Agreement the scope of exclusivity and the flexibilities in FTAs and subsequently in national laws This book aims to broaden national and international policy makers grasp of the various nuances of test data exclusivity protection Furthermore it provides practical recommendations with regard to designing an appropriate legal system with a strong focus on promoting access to medicine for all Introduction to open access Kanjilal, Uma, Das, Anup Kumar, 2015-04-27 Fundamentals of Market Access for Pharmaceuticals Eric Bouteiller, Annie Chicoye, 2024-11-05 Because at the heart of the apparent conflict between public health concerns and capitalistic interests market access for pharmaceuticals is largely driven by political considerations the difference with usual consumer goods being that pharmaceuticals are saving lives or years of life in good health If pharmaceutical companies are to innovate they must be incentivised with prices that reflect the value of their products and the resources and risks involved in their production To ensure appropriate access to new drugs and treatments for patients in need around the world affordability is key How do we tackle this dilemma This question is critical for all stakeholders The development of universal health coverage puts pressure on governments to directly or indirectly control reimbursement and prices of pharmaceuticals whereas the flow of innovations addressing infectious chronic and life threatening diseases is growing constantly This book summarizes various global approaches to solving this dilemma and explores new trends Thanks to the toolbox proposed by the authors not only students but also executives from companies payers regulators and patients organizations can benefit from the supporting concepts and methods that favour greater access to pharmaceuticals **New Health Technologies Managing Access, Value and Sustainability** OECD, 2017-01-16 This report discusses the need for an integrated and cyclical approach to managing health technology in order to mitigate clinical and financial risks and ensure acceptable value for money Widening Access to Education as Social Justice Akpovire Oduaran, Harbans S. Bhola, 2006-07-10 Among the greatest challenges of the twenty first century is that of providing adequate educational opportunities to all citizens of the globe The broad availability of such opportunities and the genuine ability to take advantage of them are fundamental components of any equitable society In examining how widening access to education contributes to social justice this anthology composes a tribute to the life and work of the Nigerian educationist Michael A Omolewa The twenty seven contributions to this volume discuss foundational issues related to the educational dimensions of social justice present overviews of approaches related to widening access and analyze case studies from around the world as well as consider future directions in education policy and research This thematic depth is matched by the geographic representativeness of

the work with contributors coming from the global South and North Widening Access to Education as Social Justice speaks with a credible and powerful voice about how making greater formal and informal educational opportunities available to men and women young adults and children everywhere can help bring about more equitable ways of living together thereby fostering the goods of cultural diversity tolerance and respect along with the creativity and responsibility vital to bringing about actual social harmony

Gaining Rights of Access to Land in West-central Côte D'Ivoire Mariatou Koné,2002
Land tenure and resource access in west Africa

Modernising Access to Social Protection Strategies, Technologies and Data Advances in OECD Countries OECD,2024-05-28 Despite having advanced social protection systems OECD countries still face challenges in identifying enrolling and providing benefits and services to all those in need Even when programmes are well designed and adequately funded cumbersome enrolment processes and challenges in service and benefit delivery can be an obstacle to the full take up of social programmes Advances in digital technologies and data can go a long way towards making social protection more accessible and effective This report presents a stocktaking of OECD governments strategies to identify individuals and groups in need collect and link potential beneficiary data across administrative and survey sources and apply data analytics and new technologies to improve programme enrolment and the benefit service delivery experience all with the objective of reaching people in need of support in OECD countries

Policy Guidance for Investment in Clean Energy Infrastructure Expanding Access to Clean Energy for Green Growth and Development OECD,2015-02-27 This publication provides governments with guidance on the policy options that are available to make the most of private investment opportunities in clean energy infrastructure drawing on the expertise of climate and investment communities among others
