The Latest and Best of TESS, 1991 **Financial Accounting** Belverd E. Needles, Marian Powers, 2004. Building on the flexible and balanced approach that has made this text a market leader, the new edition of Financial Accounting provides a strong real world emphasis, integrates performance measurement and emphasizes technology. The text remains the most accurate on the market with accuracy reviewers checking every line and working through every exercise in the text and supplements. The popular Focus on Business boxes which relate accounting to the real world of business have been updated and redesigned and more than 35 of the features are new to this edition. Each learning objective includes a list of end of chapter Related Text Assignments so students can identify the questions, exercises, problems and cases that are associated with particular learning objectives. This edition features three new video cases bringing the total number of video cases to six. The videos are available on both the Student CD ROM and the HM ClassPrep CD ROM for instructors. The instructors web site features a collection of 16 new essays, one for each chapter that discuss current events and issues. Each essay comes with two sets of questions: one set that students can answer by reading the essay and a second set that requires students to do additional research.

Books in Print Supplement, 2002 **Principles of Financial Accounting** Belverd E. Needles, Marian Powers, 2005. Designed for financial accounting programs that prefer to start with a sole proprietorship approach, this market leading text provides business students with a strong foundation in accounting procedures and emphasizes the use of financial information in decision making and analysis. The text, intended for use in a single semester or quarter, contains balanced, flexible content supported by an array of integrated print and technology supplements. The 2005e Edition maintains a high standard for accuracy, integrates performance measurement and emphasizes technology. Real world examples appear throughout the text to help students link accounting procedures to publicly held companies as well as international governmental and not-for-profit organizations.
